## Chairman's Statement

Dear Shareholders,

It gives me great pleasure to update you on Timken India Limited's steady progress. Timken's annual total income grew 14% to Rs 1068 crores for the year ended March 31, 2016 as compared to Rs 935 crores of previous year. The profit before tax for the period was Rs 145 crores compared to Rs 122 crores last year.

Even as the domestic political situation stabilized and the foundation for ambitious expansion projects was laid by the new government, the impact of economic uncertainty around the world and India's closest neighbor, China, was felt in our economy. The good news is that Timken posted positive growth and also increased exports by 8%. Prominent segments such as exports and distribution contributed to a healthy profit margin.

At Timken, we stand firm in our resolve to better serve our customers, and deliver greater value to our stakeholders. A lot has changed, a lot remains the same, the outlook is moderate, and we remain committed to our strategy for driving growth by enhancing our product portfolio and market penetration.

We are forging stronger partner ties, building the competencies of our sales and support teams, and building our competitiveness and market positioning through industry events and trade shows. We are making strategic investments in expanding our production capabilities. In addition to investing Rs 125 crores at our Jamshedpur plant to address the growing demand in India's rail segment, a Rs 64-crore expansion in the mobile segment will help us to achieve our growth targets.

The outlook for the coming year appears steady but unpredictability is the new normal. The Indian economy is expected to benefit from the infusion of new investments in public infrastructure, but the reality will largely depend on how the macroeconomic indicators stack up in the next few months.

Timken has always worked hard to anticipate change, and steer the course of our company's growth in the right direction. Our mission remains the same - solving complex real-world challenges and helping our customers to improve productivity, enhancing performance to create long-term value for our shareholders and giving back to the communities where we do business.

We owe our success to many - our associates and partners who work hard every day, our customers who place their trust in us, fellow board members and shareholders, whose faith and confidence is both a blessing and inspiration to us.

Team Timken is fully committed to our growth targets, and towards our long-term vision. We will continue together to focus on stronger performance and operational excellence.

Sincerely,

**Sanjay Koul**  
Chairman & Managing Director
