PLANS AND PROSPECTS

Fruit Product Division

The Company continues in its operations for consolidation of its fruit product business. Having successfully operated in the fruit products business with 'DRUK' brand in India for nearly over 20 years, the Company is continuing in its focus on branding, modernization of packaging and expansion of existing product mix. Your Company is also exploring the possibility of procuring fruit products from abroad and marketing it in India through our existing distributor network and buyer base in the north, east and north-eastern states of India as the demand for such products have increased over the years.

Industrial Division

There is tremendous competition in the Calcium Carbide segment and to sustain our market we are now procuring the same at discounted rates to counter competitive prices. Your Company will continue to increase its buyer base in the eastern states of Orissa, Bihar, Jharkhand, Assam and the eastern parts of Uttar Pradesh.

Retail Division

Retail having emerged as one of the most dynamic and fast paced industries your Company is currently operating three stores under the brand name "C3 The Marketplace" at Elgin Road, Salt Lake and at Gariahat and one express store at WIPRO Campus, Sector-V, Salt Lake, Kolkata. The Company is targeting a higher growth with better margins in the coming year through the following actions:

- More focused operations in express stores
- Opening of new express stores in and around Kolkata
- Manpower rationalization
- Training program for employees to improve customer satisfaction
- Upgrade product mix at stores

The Directors believe that there are tremendous growth opportunities in the retail industry and the Company will capitalize on these to the maximum extent.

In a move to enable unlocking of shareholder value and to explore the opportunities for joint ventures with lead industry players with expertise in retail sales and marketing, the Board of Directors are considering proposals for the transfer/demerger of its C-3 unit into a separate legal entity.

The proposal is based on the sound rationale of imparting greater focus to both retail and marketing and to impart greater financial flexibility as regards financing both the businesses.

While TAI generates healthy cash flow with limited investment needs, the C-3 business, being in the growth phase, requires huge investments and the cash flows in TAI are inadequate to support those ambitions and growth needs.

Taking the aforesaid factors into account your Board has considered a proposal for the formation of a new Company to which the entire business of the C-3 unit would be transferred.

24th ANNUAL REPORT 2006-2007**DIVIDEND**

Your Directors express their inability to recommend dividend for the year to plough back profits to conserve funds for expansion of the chain of super markets.
