Note: Separate forms should be completed for each class of security, e.g. debentures, preference shares, equity shares, etc. Similarly, separate forms should be completed for shares of the same class which are not identical in all respects. Shares are identical in all respects only if -

- They are of the same nominal value and the same amount per share has been called up.
- They are entitled to dividend at the same rate and for the same period so that at the next ensuring distribution the dividend payable on each share will amount to exactly the same sum net and gross and
- They carry the same right in all other respects.
