Managing Director's Message

Accelerating value creation

During the year, our core focus remained on 'Health, Cost and Cash'.'

Dear Shareholders,

I take pride in leading an organization that continues to play a pivotal role in nation-building. It reflects the positive impact our teams continue to make in the face of unprecedented challenges.

During the year, we ensured the health and safety of our people. We connected more closely with our customers and reinforced our market leadership with value added products and services. We also optimized our operations for greater efficiency and strengthened our commitment to sustainability by driving focused efforts in the area.

MACRO DYNAMICS ARE TURNING FAVOURABLE

The government's focus on infrastructure and affordable housing is expected to bolster steel pipes demand. Affordable housing initiatives are expected to pick up pace under the Pradhan Mantri Awas Yojana (PMAY) with enhanced budgetary allocations. The Government spending on housing and infrastructure projects is expected to increase demand for steel pipes and building materials. Good monsoon has helped to improve the agricultural output which also augurs well for increased steel pipes demand.

As per the November 2021 India Brand Equity Foundation (IBEF) Report on steel pipes Industry, steel pipes demand is expected to reach 1000-1500 MTPM by 2025, thanks to a gradual upswing in housing, Commercial, Agricultural and Industrial construction.

PERFORMANCE IN PERSPECTIVE

During the year, we reported net sales of Rs. 51.98 Crores and consolidated net loss of Rs. 0.68 Crore, after remitting the sum of Rs.2,53,72,509 (Rupees Two Crores fifty-three lacs seventy-two thousand five hundred and nine only) towards Income Tax disputed amounts by availing "Vivad se Viswas" Scheme. We could ensure healthy cash flows due to rigorous working capital management.

A sharp focus on sustainable development embodies safety, conservation of energy and natural resources, preserving environment and biodiversity, water stewardship and the well-being of host communities.

STRATEGY AT PLAY

Although the disruption brought about by COVID-19 created short-term challenges, it also created medium-term opportunities. During the year, our core focus remained on 'Health, Cost and Cash'. Our operations continued to pave the way for business continuity and resilience as we drove cost efficiencies and prudently optimized cash follows to conserve liquidity.

We are innovating more than ever and investing in our people, technology and operations to develop solutions that take advantage of emerging trends in the industry. We continue to invest in areas of solutions and products, digital initiatives, technology, sustainability and in people development to build the TNT's of tomorrow.

RE-IMAGINING THE FUTURE WITH TECHNOLOGY

The way business environment is changing, organizations which embrace technology and remain focused on digital innovation, intelligent use of data and excellence in customer services would be able to lead the way. Over the last few years, we have increasingly focused on transforming our business by leveraging IT and digital interventions. We are enhancing customer experience through upgraded versions of Dealer Connect App. This offers additional functionalities. The Steel Traders' Club App comes with a singular social platform for construction professionals such as structural engineers, Architects and Design Engineers.

TRUST AND INTEGRITY HELP US THRIVE

Companies today are judged as much by their integrity and trustworthiness as by their financial performance. At TNT, doing business with integrity goes hand in hand with our strong corporate governance framework, excellent safety protocols, care and concern for all stakeholders.

INVESTING IN PEOPLE
