Directors' Report

To

The Members,

Your Directors have pleasure in presenting their 35th Annual Report together with Audited Accounts for the year ended 31st March 2013

Financial Results

The financial results for the year under review are summarised below:

	2012-13 ₹. In Lakhs	2011-12 ₹. In Lakhs
Turnover	3,11	12,15
Profit /(Loss) before depreciation and taxation	(2,12)	(4,53)
Depreciation	83	1,06
Profit /(Loss) Before Taxation	(2,95)	(5,59)
Net Profit /(Loss)	(2,95)	(5,59)

Performance

During the year under review, your company achieved a sales turnover of ₹.311 lakhs compared to the sales turnover of ₹.1215 lakhs achieved in the previous year. There was severe recession in Textile Industry during the whole year due to change in Government policies which led to steep drop in yarn realization compared to increase in cotton prices, and non availability of required working capital, all of which contributed to low level of production. Also the power situation in the state continued to pose serious threat and the cost of generating power using diesel gen-sets during the severe power cut period, ranging from ten to twelve hours a day. The Company made Cash loss of ₹.212 lakhs for the financial year as against the Cash loss of ₹.453 lakhs in the previous year. The company made net loss of ₹.295 lakhs for the financial year, as against net loss of ₹.559 lakhs for the previous year. The profit was drastically affected and loss became inevitable mainly because of abnormal increase in cost of raw materials and power and low production caused by shortage of working capital and stiff competition in the market caused by continuous recession in Textile Industry.

Dividend

The Company incurred loss in the financial year. In view of this and the accumulated loss, your directors are unable to recommend any dividend for the year.

Prospects and Future Plans

During the year under review, the Textile Industry continuously faced severe recession. There was abnormal and steep increase in cost of raw materials and power, which increased the cost of production. Production was low due to lack of required working capital and poor off take in the market caused by stiff competition and recession in Textile Industry. The operations resulted in loss due to low selling prices and the cumulative effect of all the above factors. The Government's policy is not conducive to existence and growth of Textile Industry and the prospects are quite uncertain. . The position and prospects of textile industry being most uncertain, it is futile to replace the existing old and less-efficient plant and machinery with new modern machinery incurring huge cost. Your directors are, therefore, seriously contemplating to diversify into new lines of activities, within the Objects of the company, to make the company work profitably for the benefit of the shareholders. Till concrete plans crystallize, your Directors will continue to run the company with the existing plant and machinery in the best possible ways so as to improve performance in the current year.

Deposits

Your company has not accepted any deposits during the Year.
