### DIRECTORS' REPORT

#### To the Members,

Your Directors have pleasure in presenting their 47<sup>th</sup> Annual Report and Audited Accounts of the Company for the year ended 31<sup>st</sup> March, 2009.

#### FINANCIAL RESULTS

The financial results for the year ended 31<sup>st</sup> March, 2009 after charging all expenses but before deducting interest and depreciation has resulted in operating profit of Rs.3,47,95,073/-.

After deducting Rs.3,72,50,237/- towards interest cost and providing Rs.3,27,26,163/- towards Depreciation, the Net Loss for the year is Rs.3,51,81,327/-. Taking into account Deferred Tax Asset of Rs. 27,68,000/- and Fringe Benefit Tax of Rs. 2,20,000/- and the surplus of Rs. 14,65,835/- brought forward from the previous year, the net loss for the year is Rs. 3,11,67,492/-.

#### DIVIDEND

In view of loss incurred by the Company in the current year, your Directors are unable to recommend any Dividend.

#### TAXATION

The Company is not liable to pay income tax under regular method and there is no tax liability under Minimum Alternative Tax (MAT). An amount of Rs.2.20 lakhs has been provided for Fringe Benefit Tax (FBT) and an amount of Rs.27.68 Lakhs has been withdrawn from Deferred Tax Liability provided in the earlier years which is in accordance with the Accounting Standards.

#### TRADE CONDITIONS

The Textile Industry worldwide has been passing through the un-precedented crisis during the past 2 years. There was steep increase in the prices of cotton during the year and the cotton prices touched the high level because of various factors including the hike in Minimum Support Price by the Government of India for Cotton, huge capacity additions, which resulted in higher demand for cotton etc.,. The upward movement of dollar against rupee has made the import of cotton unviable. The yarn prices showed declining trend because of various reasons viz,

- (i) Global demand for Textile products has drastically come down due to Economic slow down. Nearly 30% of our production goes for export market. Because of the Global Economic meltdown, margins of exports came down drastically.
- (ii) The huge capacity spindle additions in short period resulted in mismatch between supply and demand. While the increased supply of yarn in the market, has brought down the selling prices. The increased demand for cotton had increased the cotton prices. The cumulative effect of the above factors had affected the working of the Company substantially.

### DIRECTORS' REPORT

In addition to the above global crisis, there is severe power cut in Tamilnadu to the extent of 100% power cut for 4 Hours during 6 P.M. to 10 P.M and 40% during the rest of the hours, which affected the utilization and productivity levels to a greater extent. Timely decision taken by your Directors to install windmills in previous years and purchase of power from Third Party have helped the Company to operate the Mills at optimum utilization level and also helped the Company to tide over the power crises.

By implementing various cost reduction measures and production of flexible count pattern with more value added yarn, your Directors were able to bring down the loss in the current market scenario.

#### FINANCE

The Company has availed working capital loan in foreign currency and incurred exchange loss of Rs. 14 lakhs. This loss is because of rapid depreciation of rupee against dollar and the foreign currency loans were repaid at the higher exchange rate.

To conserve the cash accruals for working capital of the Company and also considering the current working, the Company has approached the Banks for reschedulement of Term Loan repayment installments of principal as per the norms suggested by the Reserve Bank of India. However the company is prompt in making the interest payment on due dates.

#### EXPORTS

On the export front during the year, we have made direct export of Cotton Yarn for a value of Rs 4.14 Crores and merchant export of Rs.7.97 Crores as against Rs. 7.77 Crores and Rs.1.83 Crores respectively of the previous year.

#### EXPANSIONS

As reported in the Director's Report in the previous year, the Company has successfully implemented the expansion of state of the art 8352 spindles at a project cost of Rs. 21 Crores. This project has been commissioned and went into commercial production in August, 2008.

The Company is establishing additional capacity of 16800 Spindles Ring Spinning unit to produce high quality yarn which will commence production in the current financial year. The estimated cost is Rs. 57 Crores.

The above projects are covered under Technology Upgradation Fund (TUF) Scheme.

### DIRECTORS' REPORT

#### PROSPECTS FOR THE CURRENT YEAR

The cotton cost still has not come down as expected. The prices of yarn were stagnant due to recessionary trend in both domestic and global markets. The Interest rates are coming down because of various measures taken by Reserve Bank of India. However, the power cut imposed in Tamilnadu to the extent of 50% which is severely affecting the operations of the Company and also increased the power cost because of running Diesel Gensets. The Company is maintaining high standards of Quality Yarn, cost effective production, purchase of power from Third Party and stringent waste control measures. These measures strengthened the Company to face the challenges in the current scenario. By improving productivity, taking various measures for production of value added yarn and other cost reduction measures, your Directors are hopeful of achieving satisfactory results for the current year.

#### WINDMILL

The Wind Mill Division with an installed capacity of 5 M.W is working satisfactorily. There were interruptions in the grid availability due to insufficient infrastructure facility at the evacuation point and also lower wind velocity during the peak season, which resulted in lower generation of power. The Division has generated 88 Lakhs Kwh as compared to 89 Lakhs Kwh of the previous year. The income during the year from the Wind Mill Division was Rs.3.18 Crores as against Rs.3.29 Crores of previous year.

#### PERSONNEL

Industrial relations with employees remained cordial during the year. Human Resources Development activities received considerable focus. The emphasis was on imparting training and development of the skill-set of the employees to enable them to face the challenges in the work environment.

Particulars of employees required to be furnished under Section 217 (2A) of the Companies Act, 1956, is not applicable to the Company.

#### INTERNAL CONTROL SYSTEM

Your Company has adequate internal control procedures commensurate with the size and nature of its operations. ERP System developed by Ramco Systems Ltd., has been installed for online monitoring of all functions and management information reports are being used to have better control and to take decisions in time.

#### DIRECTORS

The following Directors retire by rotation at the ensuing Annual General Meeting and they are eligible for re-appointment.

1. Shri P.R. Ramasubrahmaneya Rajha
2. Shri P.R. Venketrama Raja
