THANJAVUR SPINNING MILL LIMITED

DIRECTORS' REPORT

To the Members,

Your Directors have pleasure in presenting their 48th Annual Report and Audited Accounts of the Company for the year ended 31st March, 2010.

FINANCIAL RESULTS

The financial results for the year ended 31st March, 2010 after charging all expenses but before deducting interest and depreciation have resulted in operating profit of Rs.9,10,73,900/-.

After deducting Rs.5,28,41,122/- towards interest cost and providing Rs.3,52,74,159/- towards Depreciation, the Net Profit for the year is Rs.29,58,619/-. Taking into account the provision of Rs. 5,00,000/- towards Current Tax- MAT and Rs.69,00,000/- towards Deferred Tax Asset, your Directors propose to appropriate the total sum of Rs. 93,58,619/- as detailed below :

Transfer to General Reserve	22,00,000
Balance carried over to Balance Sheet	71,58,619
Total	<u>93,58,619</u>

DIVIDEND

In view of Profit before tax is nominal, your Directors recommend to skip the dividend for the year.

TAXATION

An amount of Rs.5 Lakhs towards current tax (MAT) and Rs.69 Lakhs towards Deferred Tax Asset has been provided for the year. The Company is entitled for MAT credit, which would be carried forward and adjusted against the liability in the subsequent years.

TRADE CONDITIONS

A sign of revival of economy has been witnessed from the last quarter of the financial year under review and the demand for yarn has increased globally. However the financial results of previous 3 quarters had been affected due to various factors viz., economic crisis, higher cotton cost, increased power cost due to power cut, stagnant yarn price etc.,

There was severe power cut in Tamilnadu, which affected the utilisation and productivity levels to some extent. Timely decision taken by your Directors to install Windmills in previous years and purchase of power from Third Party have helped the Company to operate the Mills at optimum utilization level and also helped the Company to tide over the power crisis.

By implementing various cost reduction measures and production of flexible count pattern with more value added yarn, your Directors were able to achieve satisfactory results in the current market scenario.

FINANCE

As reported in the Directors' Report in the previous year, the Company has approached the Banks for reschedulement of Term Loan repayment installments of principal as per the norms suggested by the

THANJAVUR SPINNING MILL LIMITED

DIRECTORS' REPORT

Reserve Bank of India and all the Banks have approved our reschedulement proposal. However the Company is prompt in making the interest payment on due dates.

The increase in interest cost in recent period is a matter of concern, however with good standing of your company with the lenders, the company is confident of securing loans at optimum costs.

EXPORTS

On the export front during the year, we have made direct export of Cotton Yarn for a value of Rs.3.06 Crores and merchant export of Rs.10.77 Crores as against Rs. 4.14 Crores and Rs 7.97 Crores respectively in the previous year.

EXPANSION

As reported in the Director's Report in the previous year, the Company has successfully implemented the expansion of State of the art 16800 spindles. This project had been commissioned and went into commercial production during March, 2010. The above project is covered under TUF Scheme.

PROSPECTS FOR THE CURRENT YEAR

The cotton prices during 2010-11 continue to prevail at higher levels despite good yield during last cotton season due to export of cotton in huge quantities. The Domestic as well as the International Yarn markets are improving after a long spell of sluggishness. The Government of India has withdrawn Export incentive Schemes viz., Duty Entitlement passbook (DEPB) and Duty Draw back scheme provided to cotton yarn exporters with effect from April, 2010. The Government's decision to withdraw the above scheme is very unfortunate and our prices for Yarn would not be competitive in the Global Market, which in turn will affect the profitability of the Mills.

The Company is maintaining high standards of Quality Yarn, cost effective production and stringent waste control measures. These measures strengthened the Company to face the challenges in the current scenario. By improving productivity, taking various measures for production of value added yarns and other cost reduction measures, your Directors are hopeful of achieving satisfactory results for the current year.

WIND MILL

The Wind Mill Division with an installed capacity of 5 M.W is working satisfactorily. There was good wind velocity during the year compared to previous year, which resulted in higher generation of power. The Division has generated 105 Lakhs Kwh as compared to 88 Lakhs Kwh of the previous year. The income during the year from the Wind Mill Division was Rs 3.93 Crores as against Rs.3.18 Crores of previous year.

PERSONNEL

Industrial relations with employees remained cordial during the year. Human Resources Development activities received considerable focus. The emphasis was on imparting training and development of the skill-set of the employees to enable them to face the challenges in the work environment.

Particulars of employees required to be furnished under section 217(2A) of the Companies Act, 1956, is not applicable to the company.
