## DIRECTORS' REPORT

To the Members

Your Directors wish to present the 51<sup>st</sup> Annual Report and the Audited Accounts of the Company for the year ended 31st March, 2013.

### FINANCIAL RESULTS

The financial results for the year ended 31st March, 2013 after charging all expenses but before deducting finance cost and depreciation have resulted in operating profit of Rs. 2,150.81 Lakhs as against operating loss of Rs.0.45 Lakhs for the previous year ended 31<sup>st</sup> March,2012.

After deducting Rs. 1,610.16 Lakhs towards finance cost, providing Rs.709.60 Lakhs towards Depreciation, the loss for the year is Rs. 168.95 Lakhs. After taking into account Rs. 51 Lakhs towards Deferred Tax Asset, the Net Loss for the year is Rs 117.95 Lakhs (Previous Year: Net Loss of Rs.1,589.74 Lakhs).

### DIVIDEND

In view of loss incurred by the Company, your Directors are unable to recommend any dividend for the current year.

### TAXATION

The Company is not liable to pay income tax under both regular method and Minimum Alternate Tax. An amount of Rs.51 Lakhs towards Deferred Tax Assets is considered, which is in accordance with the Accounting Standards.

### TRADE CONDITIONS

After a long spell of sluggishness, there was a sign of revival witnessed in Textile Industry. The cotton and yarn prices prevailed at a reasonable level. The installed capacity with most modern and automatic machines has been utilized fully to make use of the improved demand situation. Better yarn realization coupled with higher capacity utilization have contributed for overall improved financial performance of the Company.

The severe power cut in Tamilnadu is still continuing. Timely decision taken by your Directors to install Windmills in previous years and purchase of power from Third Party have helped the Company to tide over the power crisis to a greater extent. Still to meet the power short fall, we have to use Diesel Generator sets resulting in higher costs. The hike in electricity tariff rate by 30% by Government of Tamilnadu and also hike in Wheeling and other charges imposed on Wind Mills have pushed up the cost of power very steeply.

Inspite of spiraling wage cost, cost of power and logistics cost, the strategic decisions taken by the Company for installation of Wind Mills, implementation of various cost reduction measures and production of flexible/value added count pattern have helped the Company to achieve improved results in the current market scenario.

### EXPORTS

On the export front during the year, we have made export of Cotton Yarn including merchant export for a value of Rs. 2,066.16 Lakhs as against Rs. 3,544.36 Lakhs of the previous year.

### PROSPECTS FOR THE CURRENT YEAR

The high volatility in cotton prices during the current cotton season 2012-13 is creating uncertainties for Spinning Mills. The cotton prices are currently ruling high at uneconomical levels. There is no sustained demand for yarn both in domestic and global markets to absorb the increased cotton cost. The power cut imposed in Tamilnadu and increase in power tariff are severely affecting the operations of the Company.

## DIRECTORS' REPORT

The Company is maintaining high standards of yarn quality, cost effective production and stringent waste control measures. The Company is focusing on more automation with a view to utilize the skilled manpower more efficiently and also focusing on value added yarn. These measures have strengthened the Company to face the challenges in the current scenario. Your Directors are hopeful of achieving satisfactory results for the current year with the implementation of above steps.

## WIND MILL

The Wind Mill Division with an installed capacity of 9 MW is working satisfactorily. There was good wind velocity during the year compared to previous year, which resulted in higher generation of power. This year our wind farm have generated 196 Lakhs Kwh as compared to 154 Lakhs Kwh of the previous year because of favourable wind season. The income during the year from the Wind Mill Division was Rs. 11.30 Crores as against Rs.6.45 Crores of previous year. All the power generated from our wind farm were consumed captively.

## PERSONNEL

Industrial relations with employees remained cordial during the year. Human Resources Development activities received considerable focus. The emphasis was on imparting training and development of the skill-set of the employees to enable them to face the challenges in the work environment. The scarcity of skilled labour and heavy absenteeism in labour attendance are causing loss of production. We are striving our best to retain them by implementing attractive incentive schemes to labourers to achieve better attendance.

None of the employee is receiving remuneration more than Rs. 5,00,000/- per month. Hence, disclosure under section 217(2A) of the Companies Act, 1956, is not applicable.

## INTERNAL CONTROL SYSTEM

Your Company has adequate internal control systems commensurate with the size and nature of its operations. ERP System developed by Ramco Systems Ltd., has been installed for online monitoring of all functions and management information reports are being used to have better control and to take decisions in time.

## DIRECTORS

The following Directors retire by rotation at the ensuing Annual General Meeting and they are eligible for re-appointment.

1. Shri K.T. Ramachandran
2. Shri S.Krishnaswamy Kamaya Naicker

## PUBLIC DEPOSITS

During the year, the Company has not accepted any fixed deposit. The total deposits from the public outstanding with the Company as on 31<sup>st</sup> March, 2013 was Nil.

## SHARES

The Company's shares are listed in Madras Stock Exchange Limited. The Company had paid listing fees to the Stock Exchange for the financial year 2013-14.
