Less: Tax in respect of earlier years (Net)	1.78	-
Balance carried to Balance Sheet	(527.40)	(388.95)

2. DIVIDEND

The higher depreciation and other provisioning in respect of the earlier years' business operations, have resulted in a loss for the year under review and your Directors have not recommended any dividend for the year.

3. OPERATIONS AND FUTURE PROSPECTS

During the year under review, your Company has incurred a loss of Rs.136.67 Lacs as against a loss of Rs.179.99 Lacs for the previous year. The loss was mainly on account of your Company's policies towards provisioning of bad debts and non-recognition of lease rentals in respect of rentals not received.

Capital Market Operations

During the year under review, your Company has become a Corporate Member of The Stock Exchange, Mumbai and commenced its Stock Market operations as scheduled. Despite stiff market conditions, which prevailed during the second half of the year, your Company's performance was reasonably good. Your Company has registered a total brokerage income of Rs.53.46 Lacs on account of this new activity.

Your Company's thrust will now be mainly on the Broking activities besides fee based business. To achieve the target, your Company has already taken initiative to expand its broking business and invested accordingly in the required infrastructure facilities besides the BSE Card.

Merchant Banking

As promised in the Buy-back offer documents, your Company has focussed its attention on the Investment Banking activities ranging from Private Placement of Equity Shares with Venture Capital Funds, Mutual Funds and Institutions, Issue Management, Corporate Restructuring, Placement of Debts etc., during the year under review. The major landmark achieved at the beginning of the year was a Private placement of Equity shares of Popular Entertainment Network Limited. Apart from this your Company also did placement of Equity shares of clickforcotton.com, India's first Cotton Exchange Portal, with Unit Trust of India. As a part of regular Issue Management activity, the Company managed one IPO, one Takeover offer and one Rights Issue. It is notable that despite worst market conditions, especially in the Primary Market segments, an IPO managed by your Company for Moschip Semiconductor Technology Limited was subscribed nearly 20 times in Public portion.

Apart from the above, your Company also made a Secondary market placement of Equity shares of Goldstone Technologies Limited and Mirc Electronic Limited.

During the year, your Company has been closely in touch with nearly 40 Venture Capital Funds active in the Country for the placement of equity shares of various companies mandated to your Company. This has created one to one relations with most of them, which the Management feels will help to improve the goodwill for future dealings with them. The Management sees a good market for Private Placement of Equity / Debt under the present depressed market conditions. This is a good revenue earning area in the near future.

Equity Research

Your Company's Equity Research Division extends its support to the Broking activities of the Company. The Equity Research reports are submitted to various Financial Institutions, Banks, Foreign Institutional Investors, high net-worth individuals and Corporates with whom our broking outfits are empanelled.

Other Non-Fund based activities
