EXPLANATORY STATEMENT AS REQUIRED UNDER SECTION 173(2) OF THE COMPANIES ACT, 1956.**ITEM. No.7**

Mr.K.V. Krishnamurthy was appointed as Additional Director of the Company effective from 29th January 2007 under Article 126 of the Articles of Association of the Company read with Section 260 of the Companies Act, 1956.

Mr.Krishnamurthy, 64 Years, holds office as an Additional Director upto the date of Annual General Meeting. The Company has received notice in writing from a member signifying his intention to propose the appointment of Mr. Krishnamurthy as Director of the Company together with deposit in accordance with Section 257 of the Companies Act, 1956.

Mr.Krishnamurthy is a Fellow member of the Institute of Chartered Accountants of India and the Indian Institute of Bankers. He has over 33 years experience in the Banking Industry and has served at various important positions over his illustrious career like CMD- Bank of India, CMD-Syndicate Bank, Executive Director-Bank of Baroda, Managing Director-Indo Hong Kong International Finance Company Ltd.

Mr.Krishnamurthy is presently the Director in Sundaram BNP Paribas Trustee Company Ltd, RAP Media Ltd, Centrum Capital Ltd, Centrum Direct Ltd, Essel Propack Ltd, Balan Natural Food P.Ltd, Ratnakar Bank Ltd, Asset Reconstruction Company (India) Ltd, Borosil Glass Works Ltd, and Essar Steels Ltd.

The Directors commend the resolution set out at item.no.7 of the accompanying notice for your approval.

None of the Directors of the Company except Mr.K.V.Krishnamurthy is concerned or interested in the resolution.

ITEM NO.8

Under Section 293[1][d] of the Companies Act, 1956, the Board of Directors cannot, except with the consent of the shareholders, borrow in excess of the aggregate of the paid-up share capital and free reserves of the Company. Presently the Board of Directors is authorized to borrow upto Rs. 300 crores vide shareholder's Resolution passed in the A.G.M. held on 18th August, 1997. Keeping in view the present and future needs of the Company for finance and to provide for the additional funds as and when required, and having regard to the likely increase in the Company's business, it is proposed to increase the present limit to Rs. 1000 crores.

The Resolution is commended for your approval.

None of the Directors of the Company is concerned or interested in the Resolution.

ITEM NO. 9

The Shareholders had at their meeting held on 18th August, 1997 approved creation of mortgage / charge etc in favour of Lenders, Creditors, Banks etc for a sum upto Rs. 300 Crores.

Your Company proposes to augment production capacities and accordingly your Company will be availing itself of term loans/ECBs/ other loans etc from Financial Institutions, Banks and others. The credit facilities may be required to be secured by mortgage/charge on the assets of one or more of the undertaking[s] of the Company with power in favour of the said creditors and/or agents and trustees for securing the borrowings.

Since mortgaging by the Company of its immovable and movable properties as aforesaid in favour of the Financial Institutions, Banks, Trustees and/or other may be regarded as disposal of one or more of the whole or substantially the whole of the Company's undertaking[s], it is necessary for the members to pass a Resolution under Section 293 [1][a] of the Companies Act, 1956 for the creation of the said mortgages/charges in line with the Borrowing Powers envisaged for a sum of upto Rs. 1000 crores.

The proposed resolution is to be passed through Postal Ballot for which necessary details are enclosed herewith. Resolution is commended for your approval.

None of the Directors of the Company is concerned or interested in the Resolution.

ITEM NO.10.

Under the provisions of Section 314 of the Companies Act, 1956, prior approval of the shareholders by way of special resolution as also Central Government approval is required for appointment of relative of Director to an office or place of profit carrying monthly remuneration in excess of Rs.50,000.

It is proposed to appoint Mr.S.V.Rajan, 35 years , B.Com, MBA (Marketing) as Manager- Marketing . Mr.Rajan is the son of Mr.S.Santhanam, the Director of the Company.

Mr. Rajan has over 12 years of experience in various capacities presently working as Marketing Executive. During his stint as Marketing Executive, he has handled different products as also handled different responsibilities. Mr.Rajan also has experience in marketing the products of the Company's Chemidye Division.

Mr.Rajan is target driven and has achieved significant growth for his business. He has varied experience in diverse areas such as developing new markets, business and dealer development, credit monitoring, credit appraisal, achieving profitability of business, etc.

Mr.Rajan had earlier worked in the Company's factory at Ranipet, Tamil Nadu . In this assignment, he gained valuable experience and expertise in diverse aspects of Plant operations, optimization, Procurement, servicing, Energy savings, studying customer profile etc.

The appointment of Mr.Rajan as Marketing Manager and payment of remuneration were approved by the Selection Committee of the Board of Directors at their meeting held on 22nd May, 2007. The Selection Committee comprised of majority of Independent Directors as also an expert. Before referring the proposed appointment to the Selection Committee, the Company's HR department had perused the resume of Mr.Rajan as also interviewed him thoroughly to ascertain his suitability. After the HR head recommended the proposed appointment, Mr.Santhanaraman, an Expert on Corporate issues and HR/IT adviser to several clients interviewed him and gave the go-ahead to appoint Mr.Rajan as Marketing Manager and pay him the proposed remuneration.

The Selection Committee as also HR head and the Expert noted that Mr.Rajan was young, qualified, energetic, dynamic, reliable and result oriented with wide experience in diverse areas including business development, marketing, achieving growth targets etc and has vast knowledge. Therefore, Mr.Rajan was most suited for the position . Hence, the Selection Committee strongly recommended the

appointment of Mr.Rajan as Marketing manager of the Company and pay him the remuneration proposed as required under Director's Relatives (Office or Place of Profit) Rules, 2003.

The details of remuneration to be drawn by Mr.S.V.Rajan is given in the resolution. The Board of Directors recommend the special resolution at item No.10 for your approval.

None of the Directors of the Company except Mr.S.Santhanam is concerned or interested in the resolution.

The Managing Directors shall report to the Board of Directors and shall devote whole time and attention to the business of the Company. They shall perform such of the functions as may from time to time be entrusted to them by the Board. All their acts shall be subject to the supervision and control of the Board of Directors. During their term as Managing Directors with the Company, they shall not be employed as Managing Director /Wholtime Director in any other Company. The Managing Directors shall not be paid any sitting fees for attending the meetings of the Board of Directors or Committee thereof.

The Board is of the opinion that the reappointment of Mr. S.Sridhar as Chairman & Managing Director and of Mr. R.Parthasarathy as Vice-Chairman & Managing Director for a fresh period of 5 years effective August 1, 2007 and the payment of remuneration as stated in the resolution would be in the interest of the Company. The draft letters of appointment referred in the resolution are open for inspection by the members of the Company at the Registered Office of the Company between 10.00 a.m. and 1.00 p.m. on any working day until the day of Annual General Meeting or any adjournment thereof.

Mr. S.Sridhar is a relative of Mr. S. Santhanam, Director of the Company, who may be deemed to be interested in the resolution relating to the reappointment of Mr. S.Sridhar as Chairman & Managing Director. None of the other Directors of the Company except Mr. S.Sridhar and Mr. R.Parthasarathy are in any way concerned or interested in the resolutions.

This explanatory statement together with the accompanying notice is and should be treated as an abstract under Section 302 of the Companies Act, 1956.

The Board commends the Resolutions at items 11 and 12 of the Notice for acceptance by the members.

ITEM. No. 13

The size of the Company has grown over the years. The Management of the Company is committed to ensure future continued growth. Consequently, time devoted and contribution made by the Directors of the Company including Non-Executive Directors have increased.

In order to bring the remuneration of Non-Executive Directors commensurate with the increased time and effort put in by them, the Board of Directors of the Company at its meeting held on May 22, 2007, subject to the approval of the Members of the Company and other applicable statutory approvals, approved payment of Commission to the Non-Executive Directors annually in such proportion as may be decided by the Board of Directors, for a period of 5 (five) years from Financial year beginning April 1, 2007 provided that the Total Commission payable to the Non-Executive Directors shall not exceed 1% of the Net Profits of the Company as computed in the manner referred to under Section 198(1) of the Companies Act, 1956. Payment of such commission will be in addition to the sitting fees for attending of the Board/Committee meetings.

All Directors other than the Managing Directors may be deemed to be concerned or interested in the Resolution set out at item no.13 of the Notice.

The Board commends the Resolution set out at item No.13 of the Notice for your approval.

MANAGEMENT'S DISCUSSIONS AND ANALYSIS:

Mission and Business Strategy:

The Company's business model envisages building a strong business around its core strengths in technology, marketing and manufacturing. The Company has world scale plants for manufacturing diverse products

including Phthalic Anhydride (PAN), Maleic Anhydride (MAN), Fumaric Acid, Food Acids etc as also decent capacities to manufacture other value added products which have been added to the Company's product profile.

Industry Developments:

PAN, the Company's main product is witnessing strong growth, domestic as also overseas.

Plasticizers, Pigments and Resins have been the major sectors consuming PAN with Plasticizers segment forming more than 50%. However, since last few years, it is the Pigments sector which is driving growth of PAN in India to a very large extent and has already overtaken Plasticizer segment in terms of consumption of PAN. The Resins sector too is posting good growth. Unfortunately, there is stagnation in the Plasticizers segment.

With steep growth of the Pigments market and good growth of the Resins market, the demand for PAN, which is the Company's main product, is increasing rapidly. With no major additional capacities of PAN in the offing world over, and huge growth in demand of PAN, the situation that existed until few years back of excess capacity of PAN is a thing of the past. With reforms / infrastructure development, the demand for these products is expected to grow manifold in the coming years.

Major Global Pigment manufacturing is now in India. Our Country is perhaps the largest manufacturer of Pigments. Many of our Pigment manufacturers have upped their Productive capacity and have also made massive expansion plans. While the domestic Pigment demand continues to grow, the Export market for Pigments has not only gone up but is also highly rewarding. Few manufacturers of Pigments have converted into EOU's while others have increased their capacities or in the process of doing so.

The Resins sector, which is replacing steel in some segments, too is posting decent growth. With increase in consumption of Steel, Cement and emphasis on Housing, and all round economic growth, the Resins sector is also witnessing good growth. Consequently, the demand for PAN from this sector continues to rise.

Plasticizers market, which have been traditionally a major market for PAN has been erratic largely due to unpredictability about availability of another key raw material Oxo Alcohol. Also, due to import of Plasticizers, the capacity utilization in the Domestic Plasticizer Industry has been hitherto quite low.

For several years until middle of this year, your Company was operating MAN capacity fully and catering to not just domestic demand but also export which was quite remunerative. However, rampant dumping of MAN into the Country from China during the year adversely affected Company's plans to operate MAN plant fully. Imports of MAN from China were coming at prices which were lower than the prices of Benzene from which MAN is manufactured. Hence, for some time, the MAN plant was shut down and was only operated to cater to the demand of its regular and loyal customers as also to meet captive consumption requirements for manufacture of other value added products.

To arrest such unscrupulous imports of MAN, your Company has initiated action for levy of Anti Dumping Duty on import of MAN into our Country from China. The Company is hopeful that with the imminent possibility of an ADD levy soon, dumping of MAN into our Country would cease. Thereby, Company would be able to operate its MAN plant also fully and continuously with decent contribution.

Volatility in prices of the Raw Material as also the Company's end products are normal features in this line of business which can have bearing on the

Company's operations. While since beginning of the year, oil prices continued to rise, during the 3rd quarter of the current year, the Company's fortunes suffered due to the falling Oil prices. Subsequently, the prices have remained steady with sporadic firmness being witnessed at times.

Year of Records:

During the year, the Company achieved several records:

Record Sales	Rs. 61,245 Lakhs
Record PAN Capacity Utilisation	74.86 %
Record Production	MTS. 95,400
Record Exports	Rs. 12,539 Lakhs
Record Profits	Rs. 2,531 Lakhs
Record Dividend Outgo.(Including Tax)	Rs. 1,078 Lakhs

Barring unforeseen circumstances, the Company is hopeful of creating more records.

Financial and Operating performance:

Your Company could achieve record sales thanks largely due to higher utilization of capacities. This was possible despite frequent shutting down of MAN plant during the year. During the year 2006 -2007, the Company earned Net Profits after Tax of Rs.25.31 Crores. The overall financial performance during the year 2006 – 2007, although better than the previous year, could have been still higher as it is still much below Company's true potential and Capacities.

Periodic reviews are made of the effectiveness of the internal control system. The internal control systems are considered adequate and sought to be continuously improved. Industrial relations remained cordial.

Contribution to Exchequer:

The amounts paid to the Central and State Exchequer by way of Excise Duty, Sales Tax, Customs duties (incl. paid to supplier), Income Tax, FBT, etc was about Rs 115 Crores. This is the contribution on Net Sales of about Rs 543 Crores. That is, over 21 % of Company's Sales are contributions to the Exchequer and with increasing Sales and Profits, this contribution can only be expected to increase.

Research and Development:

The Company's in-house Research and Development facility for process development of Fine Chemicals and Speciality Chemicals is approved under Section 35 (2AB) of the Income Tax, 1961. The Company is continuously working on few products which are in various stages of development and testing.

Opportunities and Threats:

Demand for PAN is on the increase, particularly in the domestic markets due to the strong growth posted by the Pigment and Resins sector. The Company will soon achieve full capacity utilization in the coming periods. Company's export which has increased steeply to record levels could get a further push in view of increased prospects for exports of most of Company's products. The Company is actively pursuing to develop increased applications for other value added products manufactured by the Company. Stability in prices of Benzene to normal levels as also levy of ADD on dumping of MAN, could translate into higher utilization of capacities of MAN and Food Acids plant.

Volatility in prices of Raw Materials as also the end products could be factors impacting PAN/MAN manufacture. Developments like the Plasticizer segment importing Plasticizers themselves instead of manufacturing it can be impediment to PAN growth. Indiscriminate imports of MAN could impact MAN Plant operations. High Benzene prices could be a dampener for running the Food Acids Plant to optimum capacity.

Risks and Concerns:

Lower margins, high raw material prices, surplus and idle capacities, availability of substitutes, dumping, indiscriminate imports, Foreign Exchange fluctuations, duty changes etc are some factors which could impact adversely.

Also, dumping of MAN, as also imports of PAN coming into our Country at very low numbers, although unlikely, is a matter of concern.

Current year:

Ever since last year, when the Company has changed its marketing strategy for PAN by which customers are offered contracts for regular supply on pre determined Formula basis, your Company has been able to operate at higher levels. Due to this, while significant part of production is tied up, the balance of output is only available for offer on spot basis as also for Exports. While this has helped in driving volumes with respectable margins, Customers have been benefiting in terms of regularity of supplies at reasonable prices. The response from the Contract customers has been quite encouraging.

The Company will constantly keep devising new ways and means to operate all its Plants fully and optimally.

Your Company is hopeful of achieving higher Plant utilization compared to previous years, which would result in economies of scale, better working capital management and competitive advantage apart from contributing to the Company's bottom line etc. All the major Plants are running fully. The Company's endeavour will be to work all Plants fully at all times.

Outlook:

In view of increasing PAN demand, firm Raw Material prices, supply constraint, etc, trend is towards firmness in prices of PAN at current levels with upward bias which would result in higher and higher capacity utilization so much so that the existing PAN capacity may prove to be inadequate.

As per News Reports, substantial capacity for manufacture of Oxo Alcohol in our Country is expected to be coming up around 2008/2009. This should bode well for the Plasticizer Industry, who will be better placed to operate at higher levels, which would translate into higher demand for PAN.

As stated before, in the coming days, one could see shortage of PAN. Hence, to be with the times, Company has chalked out plans to increase Productive capacity with little de-bottlenecking of existing PAN Plant. Also, with some Capital Expenditure, the Company's PAN capacity is proposed to be increased by about 40% soon which will enable the Company to cater to the increasing demand.

Your Company will continue to grow the markets for its value added Products like Food Acids, Fumaric Acid, Phthalate Esters etc as they are quite remunerative and expected to contribute more and more in the coming years. By and large, the demand for most of Company's products continues to rise particularly in the Export market and it will be the Company's endeavours to grow all business. Your Company remains optimistic about the bright future lying ahead for the Company. It will endeavour to grow its leadership by building on its strengths for competitive advantage.

The statements made in the report are based on assumptions and expectations. Actual results may differ in future. The Company assumes no responsibility in respect of forward looking statements that may be amended or modified later, on the basis of subsequent developments, information or events.

Thirumalai Chemicals Ltd.

EXPORTS:

The Company's exports almost tripled during the year. Calculated on FOB basis, Exports amounted to Rs. 8,524 Lakhs (Rs. 3,322 Lakhs), while **Total Exports** including Deemed Exports amounted to **Rs 12,539 Lakhs**. The Company has been accorded the status of 'One Star Export House' which is a recognition of the Company's export endeavours. Your Company looks at increased focus on exports to achieve higher exports year after year.

MALAYSIAN JOINT VENTURE:

As members will know, to put the Company's Joint venture (JV) TCL Industries (Malaysia) SDN BHD back on the profitability track, the JV had undertaken feed stock conversion from Benzene to Butane incurring major Capital expenditure. Members will be pleased to know that the process for change of feedstock from Benzene to Butane is proceeding satisfactorily and the new Plant for manufacture of MAN from Butane is expected to be ready in /around July 2007 and will commence production immediately thereafter. The JV should be able to earn cash profits from the very first full year of operations and also wipe out accumulated losses sooner than expected. Your Company remains confident that the reward on its investments in the JV will also be realized soon.

Chemidye Division:

Consequent to the Hon'ble Bombay High Court order, which order was received on 5th April 2006, Chemidye Manufacturing Pvt. Ltd got amalgamated with the Company with effect from 1.4.2005.

Chemidye which had manufacturing capabilities, R&D facilities, technology and manpower as also an EOU which helps in pushing Exports and earn valuable Foreign Exchange is also contributing to both the top line and bottom line of the Company.
