PERFORMANCE

Your Company delivered another year of stellar performance and improved its operating margins through continued focus on building its brand equity and presence in 'bazaar' segment. The turnover achieved during the year 2009-10 even surpassed the record turnover as achieved during the previous year by 23.11% to Rs. 751.58 crores as compared to Rs. 610.48 crores in the previous year.

In spite of the financial downturn witnessed by the Indian economy during the first half of 2009, which though had shown indications of some stability in the second half, your Company had been able to notch up an impressive performance throughout the year achieving a year end Profit Before Tax of Rs. 89.33 crores during 2009 -10 as compared to 45.78 crores during the previous year, an increase of around 95.13%.

Notwithstanding the competition in industry, your Company adopted a more customer-oriented approach focusing on creating brand awareness. The 'bazaar' segment had been the major marketing focus during the year which your Company addressed through specially designed campaigns. Your Company had been able to tie-up with a few Original Equipment Manufacturers (OEM) with a view to reinforce its value proposition. All these coupled with an unstinted effort to achieve further growth helped your Company to not only accomplish but even surpass the goals set during the year under review.

The Company's plants at Silvassa, Turbhe, Oragadam and Ramkrishnapur continue to be accredited under ISO9001:2000 quality standards. The Silvassa Plant has also obtained accreditation under ISO 14001 for environmental standards. Oragadam plant, wherein the operations of the Royapuram plant was shifted, became operational during the year under review.

The Company's products primarily marketed under the "VEEDOL" brand name are well established and accepted in the industry for their quality and variety. The products manufactured under the technical collaboration agreement with Nippon Oil Corporation (formerly Mitsubishi Oil Co. Ltd.) and marketed under the "ENEOS" brand name have carved out a niche for themselves in select markets.

WIND ENERGY PROJECT

During the year under review your Company invested in two windmills with a total capacity of 3 MW for generation of renewable energy at Tamil Nadu. With the Governmental support, the wind energy sector is poised to grow further in future. In view of the same, the investment made by your Company in this sun - rise sector, is envisaged to provide adequate returns in the times to come.

DIVIDEND

In view of the improved financial results, your Directors have the pleasure in recommending a Dividend of 500% (Rs.50.00 per ordinary share) on the Ordinary Shares for the financial year 2009-10 as against 300%

(Rs.30.00 per ordinary share) for the previous year to the equity shareholders of the Company.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Management Discussion and Analysis Report for the year under review, as stipulated under Clause 49 of the Listing Agreement with the Stock Exchange(s) in India is presented in a separate section forming part of the Annual Report as Annexure I.

CORPORATE GOVERNANCE

Your Directors affirm their commitment to good Corporate Governance practices. The report on Corporate Governance as per the requirement of the Listing Agreement with the Stock Exchange(s) together with a certificate from the Statutory Auditors of the Company and declaration by the Executive Director forms part of this report as Annexure II.

FIXED DEPOSITS

There were no Fixed Deposits from the Public outstanding with the Company at the end of the financial year.

DIRECTORS' RESPONSIBILITY STATEMENT

Pursuant to the requirement under Section 217 (2AA) of the Companies Act, 1956, with respect to Directors' Responsibility Statement, it is hereby confirmed that :

- (i) in preparation of the accounts for the financial year ended 31st March, 2010, the applicable accounting standards have been followed along with proper explanation relating to material departures;
- (ii) that the directors have selected such accounting policies and applied them consistently and made judgements and estimates that are reasonable and prudent so as to give a true and fair view of the state of affairs of the Company at the end of the financial year and of the profit or loss of the Company for the year;

- (iii) that the directors have taken proper and sufficient care for the maintenance of adequate accounting records in accordance with the provisions of this Act for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities; and
- (iv) that the Directors have prepared the Annual Accounts for the financial year ended 31st March, 2010 on a going concern basis.

PARTICULARS OF EMPLOYEES

ANNEXURE I

MANAGEMENT DISCUSSION & ANALYSIS REPORT

Industry Structure & Development

The Indian lubricant industry entered 2009 with significant negative momentum, which continued during the first half of the year, but gradually recovered during the second half. With the change in consumption patterns focus is now on various marketing drives such as fuel economy improvements, engine protection and long life etc. The raw material prices though softer during the first half of the year, eventually increased during the second half.

With the rise in the demand of the passenger car to the extent of 20% on year-on-year basis and with the advent of the multinational car manufacturers in the Indian market, it is likely that this sector will grow in leaps and bounds in times to come. Therefore, lubricant consumption is projected to grow robustly for passenger cars. Your Company is well positioned to take advantage of the opportunity with its well diversified basket of products.

With increase in the income levels and advent of global automobile manufacturers in the Indian market, the lubricant industry is expected to grow steadily in the coming years.

Opportunities & Threats

In spite of the onset of the recession during the previous year, the Indian economy recovered during the year 2009- 10 and this growth momentum is expected to further accelerate in future. This is expected to stimulate demand growth and have a positive impact on lubricant demand. The Company has a wide range of excellent products in different segments under its umbrella brand "VEEDOL". This is supported by an elaborate and extensive network of dedicated distributors, dealers and consignment depots across the country.

Though the automotive/industrial oils and industrial/ automotive greases marketed under the "VEEDOL" brand name are well established in the market, the Company's various other sub-brands such as Prima, Turbo and Take Off have also been able to create a goodwill in the market for their quality.

The various Loyalty Programmes with the dealers and the retailers have strengthened the marketing and distribution network of the Company.

However, with the rise in the base oil prices and advent of technology changes, the margins are expected to be impacted and the volume growth may remain below growth in vehicle population.

Segment wise performance

1) Oils & Greases

In spite of the challenging economic environment, the turnover of your Company increased by 23.11% and the operating profits also increased by 95.13%.

2) Wind Power

With a view to generate clean energy, the Company made investments in 2(two) windmills with a total capacity of 3MW. During the year, your company made a capital expenditure of Rs 17.42 crores in this regard. This investment is expected to yield adequate returns in future.

It is expected that cost of power generated from fossil fuels would increase in future and cost of wind energy may become more competitive. In view of the above your Company has made an initial foray in this domain.

Outlook

With regard to the current year your Directors expect the Company to continue its satisfactory performance as in the previous year. Given your Company's brand salience, sound R&D set up, innovative business plan and wide distribution network, it is expected to meet the expectation of the stakeholders in times to come.

With an overall growth in the Indian economy, the growth in lubricating industry is expected to remain healthy. Accordingly, it is anticipated that the Company will continue to grow in future.

Wind energy, with an average growth rate of 30% globally, is the fastest growing source of renewable energy in the world. Wind Energy has been proven to be economically viable and clean source for generating grid quality electrical power and therefore this sector is projected to grow in future. Since the Company has invested in two windmills for generation of electrical energy, it is expected to give good returns in future.

Risk & Concerns

Apart from normal risks applicable to an industrial undertaking, the Company does not foresee any serious area of concern.

Internal Control System

The Company has proper and adequate systems of internal control.

Financial Performance

The details of financial performance of the Company are appearing in the Balance Sheet and the Profit & Loss Account for the year. During the year, sales volume has increased by 21.90%, profits have risen by 95.13%.

Human Resources

During the year employer/employee relationships remained cordial.
