**ANNEXURE TO NOTICE****EXPLANATORY STATEMENT PURSUANT TO SECTION 173 OF THE COMPANIES ACT 1956.**

Item No. 5

Country Liquor business is restricted to Maharashtra State only and having such restriction on sale, turnover that could be achieved is negligible as compared to the sales turnover of IMFL. Profit margin too has been low as margin in country liquor is rigidly controlled by the State Government while there is no such control on margin on IMFL. It is, therefore, thought prudent, to focus more on core business and optimise the growth of IMFL business which records higher turnover and better profit margin. With this end in view, it is proposed to spin off Company's country liquor unit and transfer its assets together with liabilities attributable thereto to a 100 per cent subsidiary of the Company to be formed as also the licences, quotas, permits etc. at a value to be arrived at based on the valuation of the approved valuers.

Your Directors commend this Resolution to your acceptance.

None of the Directors is in any way concerned or interested in this Resolution.

## REPORT OF THE BOARD OF DIRECTORS

To  
The Members of  
Tilaknagar Industries Ltd.,

1. Your Directors hereby present, the Sixtythird Annual Report of the Company together with Audited Statements of Accounts for the 18 months period from 1st April 1996 to 30th September 1997.

### 2. CHANGE OF ACCOUNTING YEAR

The accounting year of the company has been changed from April/March to October/September with necessary approval thereto obtained from the Registrar of Companies. Consequently, the accounting year ended on 31st March, 1997 has been extended upto 30th September 1997, and as such Accounts hereby presented relate to the period of 18 months from 1st April 1996 to 30th September 1997.

### 3. FINANCIAL RESULTS

	(Rs. in lacs)	
	1996-97 (18 months)	1995-96
Gross Sales	3887.48	2695.28
Gross Profit before Interest, Depreciation and Taxation	285.42	314.07
Less: Interest	275.23	251.92
Depreciation	68.99	47.07
Taxation	—	—
Net (Loss)/Profit	(58.80)	15.08
Add:		
Investment allowance (utilised) written back.	5.25	—
Balance brought forward from previous year.	27.86	12.78
(Loss)/Surplus for the year	(25.69)	27.86
(Loss)/ Surplus carried to Balance Sheet	(25.69)	27.86

### 4. A REVIEW

The year, under review, was a difficult one from business point of view. During the year, the State of Haryana also imposed total prohibition. Maharashtra State, a large liquor market, announced a new Excise Policy under which Excise duty would be charged on an ad-valorem basis instead of a specific duty and the same has been fixed at 200 per cent of the manufacturing cost. Every manufacturer has to declare and print the maximum retail

price (MRP) which is statutorily fixed at four times of the manufacturing cost. Few other States have also changed the duty structure. Overseas Scotch manufacturers have started launching their ad-mix products in the Indian market.

The above factors severely hit your Company's IMFL sales. Your Company, however, has managed to achieve a sales turnover both of IMFL and CL at Rs. 3489.81 lacs. The operations have, however, resulted in a loss of Rs. 58.80 lacs. After write back of investment allowance and balance in Profit & Loss Account, the net Loss is placed at Rs. 25.69 lacs.

A steep escalation in all in-put costs, high interest charges and hike in excise duty affected the profitability.

In view of the adverse performance during the period under review, your Directors regret their inability to recommend any dividend.

### 5. CURRENT YEAR'S OUTLOOK

Revival of the business seems to be imminent after lifting of prohibition in Andhra Pradesh and rationalising of duty structure by a few other States. Your Company has started receiving sizeable orders. IMFL products in our price range will always make good strides in the market despite competition. Nevertheless the Company has taken various stringent measures to cut down costs, improve the quality of products and strengthen the marketing net work. The Company has entered into an Agreement with Clan Morgan & Co. Ltd. for setting up a Joint Venture Company to undertake sale and marketing of Company's products and Scotch Whisky brands "TEACHERS" and "OLD SMUGGLER" owned by Allied Domecq Spirits and Wines Ltd. Directors hope that, barring unforeseen circumstances, the working for the current year will improve.

### 6. CHEMICAL DIVISION

As strategic restructuring of activities, your company aims to lay a major thrust on Chemical manufacturing. New products have been identified and the plant has been re-modified so as to have optimum utilisation of capacity.

### 7. COUNTRY LIQUOR

To focus more on its core business and optimise growth of IMFL which normally records a higher turnover and better profit margins, the company thought it prudent to spin off Country Liquor activities by transferring the same to a subsidiary company which is being formed. A Resolution under item 5 of Notice is placed for your acceptance.

### 8. DISTILLERY

Although the company has already set up a primary

## SIXTYTHIRD ANNUAL REPORT 1996-97

effluent treatment plant and complied with the directives of Maharashtra Pollution Control Board, the Government, meanwhile, had issued fresh directives to all the distilleries to implement the secondary stage treatment of the distillery effluent. The Company has set up the secondary stage effluent treatment plant by incurring capital expenditure of about Rs. 28 lacs.

#### 9. DIFFERENTIAL LEVY SUGAR PRICES

The members may be aware that the Company had already received from the Ministry of Food, a sum of Rs. 141.40 lacs towards a differential levy sugar price for the seasons 1974-75 to 1979-80 pursuant to re-fixation of levy sugar prices by the Government consequent upon a common Judgement of the Supreme Court dated 22nd September 1993. While refixing such prices, the Government ignored to include, the element of additional cane prices payable by the producers under Clause 5A of the Sugarcane (Control) Order 1966. 5A price means 50 per cent of the excess realisation that is derived from free-sale sugar to be passed on to the sugarcane growers. Disregarding this basic fact means depressing or reducing the levy sugar price. The Industry, therefore, filed a Civil Application in the Supreme Court, for an appropriate direction to the Union Government to amend the notifications of refixation of levy sugar prices taking into account the liability of producers of sugar under Clause 5A of the Sugarcane (Control) Order, 1966. Supreme Court by its recent Judgement dated 28th January 1997, vindicated the stand and directed the Union Government to issue an additional notification. The Company has filed a claim of Rs. 124 lacs on this account which has been taken credit for in current year's accounts.

#### 10. FIXED DEPOSITS

An aggregate amount of fixed deposits held by the Company as on 30th September 1997, is Rs. 13.34 lacs and unclaimed deposits are Rs. 0.94 lac.

### ANNEXURE 'A' TO THE DIRECTORS' REPORT.

**ANNEXURE TO REPORT OF THE AUDITORS**

Annexure referred to in para 1 of our Report of even date.

As required by the Manufacturing and Other Companies (Auditors' Report) Order, 1988 issued by the Company Law Board in terms of Section 227 (4A) of the Companies Act, 1956 and on the basis of such checks of books and records of the Company as we considered appropriate and according to the information and explanations given to us during the course of audit, we further state that:

1. The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets. The fixed assets have been physically verified by the management during the period, which in our opinion is reasonable having regard to the size of the Company and nature of its assets. No material discrepancies were noticed on such verification as compared with the book records.
2. None of the fixed assets has been revalued during the period.
3. The stocks of finished goods, stores, spare parts and raw materials except those in transit and with third parties have been physically verified by the management during the period. In our opinion, the frequency of verification is reasonable.
4. In our opinion, the procedures of physical verification of stocks followed by the management are reasonable and adequate in relation to the size of the Company and the nature of its business.
