

*Leadership Powering **GROWTH**
Through **EXCELLENCE***

Our **VISION** is our feat !

The background of the entire page is a close-up photograph of several large, colorful feathers in shades of yellow, orange, and pink. Several arrows are visible, with one prominent arrow having a red fletching and a silver shaft pointing towards the center of the page. The lighting is soft, creating a textured and vibrant appearance.

**“ We shall be second to none
in our business”**

Our **Mission** to triumph !

About **TIME**

*" We don't mind seeing competition ahead of us
so long as they are at least a few laps behind" — Team Time*

Every race needs more than strength and effort to win. It needs a MISSION to guide a person in a direction of his victory.

Incorporated in 1991, Time Technoplast Ltd. (Time Tech) started its journey with a vision and a mission of becoming a foremost polymer product company. It was never so easy! With limited capital to invest and a small factory at Tarapur measuring 800sq.meters Time Tech had taken its steps toward the feat.

Being a leader in polymer product for past 24 years Time Tech has created a better world for its stakeholders by balancing economic success with social progress and sustainable practices. Leadership come with responsibilities as so Time Tech has proven.

Time and again from its Inception Time Tech has worked its way up to become pioneers, trend-setters and market leaders in rigid industrial polymer packaging by introducing products of international design and quality, most of which were for the 'first time in the country'. Innovation has always been a hallmark of the company Time Tech has consistently exceeded customer expectations and delivered cutting-edge, innovative products and services to myriad industries through harnessed technology and embracing R&D.

While all startup endeavors dream of making it big, few reach the zenith in reality. Time Tech's sagacious management policies, customer-centric approach, heavy investments in R&D, proactive approach to product innovation and deploying up-to-the-minute technology has propelled it to its current position of an industry change leader.

Time Tech has developed an array of trusted brands across its product portfolio. The product bouquet of the group today consists of **Industrial Packaging** (TechPack, GNX IBC, OPT IBC, Ecopet for PET sheets, Coni Pails for pails), **Infrastructure** (Max'M for high pressure pipes, FastTrac for prefab shelters, Maxlife for batteries), **lifestyle Products** (DuroTurf, DuroSoft, Meadowz, Astroturf for entrance matting, Dumpo Bins for refuse bins), **Automobile** (3S & ClearPass for anti-spray flaps), **Healthcare** (Genex), **Material Handling and Composite Cylinders** (Litesafe).

The growth story has been dual pronged. The massive expansion in product portfolio has been matched only by the increase in production facilities. Going global, Time Tech has taken the path of organic and inorganic growth.

Time Tech now has 28 manufacturing locations spread across the globe, of which 14 are in India alone! The group today employs about 3600 personnel and has operational foot prints in geographies like **India, UAE, Bahrain, Egypt, Poland, Romania, China, Thailand, Vietnam, Malaysia, Indonesia, Korea and Taiwan.**

In an eventful journey spanning 24 years of Leadership, innovation and growth Time Tech embodies the spirit of entrepreneurship and astute management skills. A Mission that keeps us going beyond known horizons and a tenacity that has brought innumerable laurels in its journey are the hallmark of the Time Tech group. The past has been magnificent, the present hectic and the future is decidedly exciting.
