### Item No. 9:

The Company has raised money through FPO in terms of the Offer Document dated 20<sup>th</sup> September, 2010. The Objects of the Issue were as under:

- 1. Setting up facility for manufacturing of Speciality Inks and Ink Concentrates;
- 2. Capital Expenditure on Lab Equipments for Existing Facilities;
- 3. Proposed Acquisitions;
- 4. Augmenting Working Capital Resources;
- 5. General Corporate Purposes; and
- 6. Meeting the Expenses of the Issue

Under the aforesaid objects of the Issue, inter alia, a sum of Rs. 500 lacs was earmarked for acquisitions and another Rs. 500 lac was earmarked for General Corporate Purposes. While the Company was in the process of implementation of the new manufacturing facilities at Greater Noida, it suffered a major setback on account of fire at its Kanpur factory, which completely destroyed the manufacturing facilities at Kanpur. The Board of Directors is of the opinion that instead of rebuilding the Factory at Kanpur, it makes better business sense to take care of the lost capacities in the new capacities being built at Greater Noida. Under the changed circumstances, the Board of Directors now feels that it is desirable to spend more on the Capacity Expansion to include more machines to create larger capacities.

During recent period, the Board of Directors has also identified good business opportunities in Middle East and North Africa with acceptance of its products in these markets. Your Directors feel that in due course of time, the Company will need to have a local manufacturing facility in the aforesaid region to effectively service Middle East and North Africa as also exploit trading opportunities available there. The overseas business set-up may be structured as Branch Office or Wholly Owned Subsidiary or Joint Venture as is deemed fit by the Board.

The Company also requires more working capital for its growing business. To ensure better utilisation of resources, part of the Issue Proceeds is being utilised for working capital pending disbursement of need based working capital by the Bankers.

In view of the above, the Board of Directors is of the opinion that it is in the larger interest of the Company that the money earmarked for acquisitions and for general corporate purposes in the aforesaid Offer Document be utilised for additional capital expenditure required in Greater Noida Factory, establishing manufacturing setup in overseas and/or working capital requirements of Indian or Overseas business.

In terms of section 61 of the Companies Act, 1956, approval from Members of the Company is required to modify utilization of FPO proceeds. The Board of Directors recommends the Resolution for approval.

None of the Directors of the Company is, any way, deemed to be concerned or interested in the aforesaid resolution.
