SANSCO SERVICES - Annual Reports Library Services - www.sansco.net

Dear Shareholder

We have the attitude and ability to turn challenges into opportunities, in setting standards for innovations and advancements, with a focussed approach towards the future.

The year 2003 has been full of activities, as we have been expanding capacities for our businesses and investing in state-of-the-art technologies for process improvements and new product development. The Business Process Re-engineering undertaken during the year, has helped us in strengthening our long-term relationships with our Business Associates.

With total commitment towards offering 'ONE STOP SOLUTIONS' to our customers, we have embarked upon an expansion of Rs.9120 million. The expansion entails an outlay of Rs.3000 million for Terry Towels and Yarn, which will be up and running by July 2004 and Rs.6120 million for Pulp & Paper, Chemical Recovery and Power Co-generation project, which will be fully operational by early 2006.

These investments will enable us to achieve vertical integration, effective supply chain management, enhance product quality, ensure on time delivery and enable us to offer competitive pricing to our customers.

I'm happy to state that the best available technology is being implemented to ensure world-class product quality and state-of-the-art effluent treatment that meets global standards.

We have been proactively investing in vital resources such as, Human Capital, Systems & Procedures and Knowledge Management, to shorten the learning curve and to achieve process standardization.

Also, we have redoubled our commitment to Corporate Governance and Social Responsibility.

With the master pattern in place, we are ready to weave our way to an even brighter tomorrow.

Warm regards,

Rajinder Gupta

Abhishek Industries - creating value

Abhishek Industries Limited is a diversified company with business interests ranging from terry towels, terry products, 100% cotton & polyester / blended yarns, writing & printing papers, sulphuric acid to Information Technology. Abhishek Industries' total commitment to excellence has made it one of the largest manufacturers and exporters of terry towels in India.

With an annual turnover of over Rs.5000 million including exports of over Rs.2000 million and a status of Government Recognised Export House, Abhishek Industries has a major presence in the US, the EU, Asia Pacific and the ever expanding sub-continental markets.

The Company is investing Rs.3000 million for expansion of its Terry Towels & Yarn businesses, which will be operational by July 2004. Having state-of-the-art technology and a capacity of over 100 million pieces per annum, will make the unit amongst the top 5 in the world.

The Company is also undergoing expansion in Pulp & Paper, Chemical Recovery and Power Co-generation, at a capital outlay of over Rs.6120 million, which will be implemented in a phased manner and will be operational by early 2006.

As part of our belief in the philosophy of continuous growth, the Company has expanded its product portfolio to unleash tremendous business potential.

We are heading towards a brighter tomorrow since the future is Trident.
