However, during the year the Company has re-started the production activity in Bulk Drug Plant partially. The Company has tried to get first stage production on Job Basis from outside and from second stage onwards, the production of the Bulk Drugs at Plant, but the same was not profitable and economical.

YEAR	PARACETAMOL BULK DRUGS	PARACETAMOL FORMULATION
	QUANTITY (IN M.T.)	QUANTITY (IN MILLIONS)
1998-99	82.15	126.64

The production of Paracetamol Bulk Drug during the year is 82.15 M.T. including production for captive consumption and production on Job work basis. Similarly the production of Tablets during the year is 126.64 Millions including production on Job work basis.

The main reason of declining the production is adamant attitude of the union of Bulk Drug Plant. Due to want of Paracetamol Bulk Drug, the activity of Formulation department is also adversely affected. Accordingly, the Company even could not cover the fixed running overheads in spite of that the management has tried their best for restarting in full-swing the Bulk Drug production of Paracetamol.

Contd..4

The Company's products were well accepted in exports from last two decades and the Company was having its regular multinational corporate buyers of the Paracetamol bulk drug. However due to labour problem, the company could not continue the supply of Paracetamol Bulk Drugs and fulfil the export orders. Now it will be difficult to get back these old clients since these Multi National Companies must have made some alternative arrangements.

Otherside, the Indian companies have increased their production capacity and become more competitive by improving their productivity and efficiency. However our company, due to labour problem, remained out of business. In todays International Market Scenario, the China and the USA have become very aggressive in Global market and also in Indian Market. therefore unless and untill the Efficiency, Productivity, Quality and Yield are improved, it will be difficult to face the competition in India and abroad which solely depends on the Discipline and maintaining the law and order by every workman in factory Premises.

3. DIVIDEND :

Since there is a loss of Rs.73.31 Lacs during the year. Because of inadequate profits, the director are unable to declare the dividend during the year.
