MANAGEMENT DISCUSSION AND ANALYSIS REPORT:

Industry Structure and Development:

The Company is diversifying into activities other than I.T business. The Company will be focusing on commodity exports, jewellery exports and trading. This is being done to encash the contacts and connections built in the international market over a period of time. The I.T business will remain with the company as one of its division.

Industry Outlook:

The Information Technology sector is going to be in demand in long term. Industry dynamics are changing. USA have been a big market as they are looking at cost cutting for their day to day operations which would yield further business to India. Therefore focus on IT enabled services would yield benefits including employment generations and foreign exchange earnings.

Opportunity and Threats:

Twinstar Industries has now undertaken a new line of activity i.e. business process outsourcing with its large infrastructure at Navi Mumbai. The presence in international market and relationship with large corporate houses in the world would bring good opportunity especially today when 'outsourcing' is becoming a good solution for large corporate houses in world market.

The overseas labour union resistance may pose threat to profitability.

Future Outlook:

As far as I.T business is concerned, the market is not encouraging for the time being mainly because of the US economy. The company has taken up new objects and agendas which are very promising.

Operational and Financial Performance:

The summarized performance of Twinstar Industries Limited was as under:

	(Rs. in Lacs)	
	2009-10	2008-09
Sales	2054.34	906.82
Others	0	0.26
EBIDT	29.55	27.36

Human Resources and Industrial Relations:

Despite uncertainties prevailing during the year under review on account of sluggish market condition, the management was able to ensure high morale of the employees and medical transcriptionists.

Internal Control System:

The Company has very effective control system covering both accounting and administrative controls. The internal audit carries out audit tests and report on non - compliance / weaknesses if any, through internal audit reports. These reports are reviewed by the Management Committee and subsequently by the Audit Committee of the Board.
