DIVIDEND

The Board of Directors have recommended Dividend @ 30% on paid up Equity Share Capital of the Company for the year ended 31st March 2001 as against 60% paid in the previous year.

PRODUCTION, SALES, EXPORTS AND PROFIT

The market situation throughout the year generally remained depressed and due to stiff competition there was heavy pressure on margin. Despite difficult market conditions your company was able to achieve a respectable turnover in respect of its products.

Steep increase in inputs cost, cost of power and fuel, labour cost and general recession in demand caused decline in profit.

The figures relating to production, sales, consumption and profit with that of previous year have been shown at appropriate places in the Accounts, Notes forming part of Accounts and Directors' Report.

The growth of income from IT Enabled Services Division seems to be encouraging and your company has taken several initiatives to improve services to all customer segments.

In view of the general Economic slowdown and continuous downfall in prices, your company was able to export its products for the financial year 2000-2001 to the tune of Rs. 4.79 Crores as against Rs. 6.15 Crores in the previous year. Your company has generated 12,65,907 KWHR Units of Electricity during the year 2000-2001 as against 15,94,288 KWHR in the previous year.

CURRENT YEAR

During the first quarter of the Current year all the plants are working satisfactorily. The relationship of the Management with labour remains cordial. The company is continuously taking active steps to make aware of safety and environmental protection at all levels. To effectively counter the changing business dynamics, the Company has taken pragmatic steps for strengthening organisational competence through involvement and development of people, as well as installing effective systems for improving productivity, quality and accountability at functional levels.
