Item Nos. 9 & 10 : (Alteration of Articles of Association & Buy Back of Shares):

Flexibility to buy back its own shares by a Company is now recognised and permitted by law in several countries, since it positions the capital structure realistically based on a periodical review and is in the interests of enhancing the value of the shares for the benefit of the shareholders. Reports indicate that such a statutory enactment has been approved in principle by the Government of India and is expected to be legislated shortly. It is, therefore, proposed that the Company provides a suitable provision in its Articles of Association; as well as obtain the approval of members to buy back any of its shares, which shall not be construed as reduction of capital in terms of the present provisions in that regard; and further, to authorise the Board of Directors of the Company or its duly constituted Committee to implement the proposal.

The resolutions under Items 9 & 10 are recommended for approval by members.

None of the directors of the Company are concerned or interested in these items, except that those Directors who hold shares of the Company at the time of implementation of the buy back may be deemed to be interested to the extent of such shareholding which they may offer for buy back.
