C. Other Information:

- i. **Reasons for loss or inadequate profits:**

The Company has been consistently making profits except for the financial year ended March 31, 2014 and for the financial year ended March 31, 2015 due to certain exceptional and one-off items. If the profits of each of the years is calculated in terms of the provisions existing prior to this amendment, the Company had net profits calculated for this purpose under section 198. Implications in the change in the method of calculation of net profit under section 198 prior to this amendment (i.e., up to financial year 2017-18) and after the amendment (i.e., from the financial year 2018-19) are given below :

SL. NO	Financial Year	Net profit under section 198 (Previous Method)	Net profit under section 198 (Revised method due to the amendment with effect from September 12, 2018) [Cumulative Accumulated Loss]
1	2013-14	(33,012.26)	(33,012.26)
2	2014-15	(455.48)	(33,467.74)
3	2015-16	4163.39	(29,304.35)
4	2016-17	2718.50	(26,585.85)
5	2017-18	8740.90	(17,844.95)
6	2018-19	11,422.00	(6,422.95)

As can be seen from above, the method of calculation as prescribed earlier considered only the current year profits and accumulated loss, if any of financial year 2014-15 only. As per the revised method, net profit needs to be re-calculated by considering past accumulated losses of financial year 2013-14 and earlier. As a result, with the same set of profit figures for each year the corresponding revised calculation results in a negative figure of net profit due to past accumulated losses for the financial year 2013-14 for determining net profit under section 198.

The detailed reasons for the losses during the year 2013-14 and 2014-15 were due to certain exceptional and one-off items of provisions, write-offs and losses in those years which have already been disclosed and approved by the shareholders as part of the approved audited financial statements of those years.

ii. Steps taken or proposed to be taken for improvement:

Pursuant to the approval of the shareholders of the Company at an extraordinary general meeting of the Company on 9 January 2015, the Company entered into a number of agreements with certain Diageo entities for manufacture and sale of certain key brands owned by such Diageo entities. These agreements would enable the Company to be in a position to gain a diverse product portfolio, additional sales revenue and improve the Company's standing in the domestic market by virtue of leveraging the Diageo brand and know-how. Also, these agreements are value accretive for the Company and are consistent with the Company's strategy to build and extend its competitive advantage in the "Premium and above" market segments. This has been demonstrated by the Company achieving profitability over the years through premiumization strategy for prestige and above segment accounting for 66% of the net sales for the financial year ended March 31, 2019.

iii. Expected increase in productivity and profits in measurable terms:

The increase in the financial performance including the profitability over the subsequent three financial years are given below which clearly show that the Company is on the high growth trajectory.
