Management Discussion and Analysis Report

INTRODUCTION

The world economy experienced subdued growth for another consecutive year in 2014. The global economy grew by approximately 2.9% in 2014, its slowest rate since 2009. Underperformance in the world economy was observed across almost all regions and major economic groups. Most developed economies continued struggling in an uphill battle against the lingering effects of the financial crisis, grappling in particular with the challenges of taking appropriate scale and monetary policy actions. A number of emerging economies, which had already experienced a notable slowdown in the past two years, encountered new headwinds during 2014 on both international and domestic fronts. Recently, the global economy has begun to look much healthier. Because of their scale, a recovery in advanced economies is likely to boost global growth to 3.6% in 2015, accelerating to 3.9% in 2015, according to World Economic Outlook of International Monetary Fund (IMF). In the emerging markets and developing economies, growth is projected to pick up gradually from 4.7% in 2014 to about 5% in 2014 and 5.3% in 2015. Growth will be helped by stronger external demand from advanced economies, but tighter financial conditions will dampen domestic demand growth.

INDIAN ECONOMY

The Indian economy weathered the global Financial crisis rather well and quickly recovered from the decline in growth rate in 2008-09 to a healthy growth that averaged around 9% annually in 2009-10 and 2010-11. India's Gross Domestic Product grew by 4.7% during FY2014, as against 4.5% in the previous scale year of FY2013. The World Economic Outlook (WEO) update released by the International Monetary Fund (IMF) in January 2014 has estimated a better year ahead for the Indian economy. Several reform measures have been undertaken including clearance of several large projects by the Cabinet Committee on Investment, which should help revive the economy and investment sentiments. In addition, resurgence of exports, prospects of revival in the global economy and moderation in inflation observed recently, point to a better outlook for the Indian economy in 2014-15 vis-à-vis 2013-14.

INDIAN FILM INDUSTRY

The Indian Film industry continued to display its consistent performance year over year in 2013 both in terms of content and box office collections. There has been a significant growth backed by differentiated content, larger releases across digital screens and aggressive promotions by production houses. The growing box office collections indicate the audiences' growing appetite for differentiated content. This has resulted in shift in industry focus from 'blockbuster' movies to movies driven by good quality niche and thematic content. Rapid development of the digital infrastructure including digital movie prints and expansion of multiplexes, has helped the content to reach the audience in the most effective manner. Increasing corporatisation of production houses has also resulted in higher investment and focus in content development.

The television penetration in India touched 60% in 2014 implying 161 million TV households. The number of Cable & Satellite (C&S) subscribers was 86% of the total TV households and is expected to grow to 95% of the TV households by 2018. While the digitisation of cable is quickly expanding across India, digital cable offered by MSOs continues to retain a larger share of analogue subscribers, as they provide higher number of channels and a better quality of signal at lower price. Going forward, the television industry is expected to grow at a CAGR of 16% over 2013-18, to reach ₹ 885 billion in 2018. Revival in economic growth, increasing penetration of TV households, greater transparency and higher ARPU through digitisation, will be the key benefactors driving the television industry growth. While the television advertising is expected to grow at a CAGR of 13% over 2013-18, subscription revenues are set to be the major driver of growth for broadcasters and MCOs, growing at an estimated CAGR of 18% from 2013 to 2018. Increase in the declared subscriber base and higher revenue share are expected to drive up the share of subscription to total revenues from 67% in 2013 to 71% in 2018.

OPPORTUNITIES

The revenue for Hindi movies has increased ten folds in last five years.

Many new rights like Broadband, Internet Protocol Television, Ring tones, Mobile Rights, Video on Demand etc has started generating revenues.

It is hoped that DTH and CAS becomes operational during next few years. These systems will end the monopoly of cable operators and shift the power to consumers.

Emergence of international audiences and NRI's as a strong and lucrative market for feature films

Television enjoys the highest reach across the people all over India. It has direct, day-to-day and continuous mass appeal when compared with newspapers, radio or cinema. There still exists a vast potential for reaching cable television.

The access of cable and satellite channels into television households is currently 21 percent compared to 43 per cent of all Indian households having television sets- a considerable room for growth within India's existing market.

The international markets represent a large untapped market for the Indian soap. India is in a position to capture the attention of a large Indian population across UK, UAE, South Africa and US.

Universal Arts limited

Your company expects the cost of various rights of films to settle down to a reasonable level in coming year. This coupled with the expected growth of television industry will provide an opportunity to the company to once again establish itself as a leading player in the business of trading in IPR of films.

Indians love to watch movies and advancements in technology are helping the Indian Film industry in all the spheres - film production, film exhibition and marketing. The industry is increasingly getting more corporatised. More theatres across the country are getting upgraded to multiplexes and initiatives to set up more digital cinema halls in the country are already underway. This will not only improve the quality of prints and thereby make film viewing a more pleasurable experience, but also reduce piracy of prints.

Threats and Challenges:

Major threat to the company remains the high cost of acquiring rights of films both in respect of television rights and theatrical distribution rights. The problem of piracy assumes a different proportion in a country such as India with an area of 3.3 million sq. km. and a population of over 1 billion speaking 22 different languages. It impacts all segments of the industry especially films, music and television. Most of the credible efforts today to combat piracy have been initiated by industry bodies themselves. On part of the government, lack of empowered officers for enforcement of anti-piracy laws remains the key issue that is encouraging the menace of piracy. This, coupled with the lengthy legal and arbitration process, is being viewed as a deterrent to the crusade against pirates. The current Copyrights Act too is dated in terms of technology improvements, and above all, it does not address the needs of the electronic media which has maximum instances of piracy today. The draft of the Optical Disc Law to address the need for regulating piracy at the manufacturing stage is still lying with the ministry for approval.

At present, the government has appointed an independent regulator - TRAI - for only television and radio. Here too, the role of the regulator has been restricted to providing recommendations on segment issues to the government, as a result the government has still not acted upon several recommendations by the regulator. Some of the key recommendations include 'issues relating to broadcasting and distribution of TV channels' of which 'addressability in distribution' forms a significant part impacting the largest segment of television. Other pending recommendations include 'digitalisation of cable TV', 'Privatisation of terrestrial broadcasting'

Future Outlook

With the entry of Big Corporate like UTV, Eros, TV 18, Ashtavinayak, Sony Pictures, Reliance, Aditya Birla Group, the competition has increased and thereby increasing the cost of negative rights, satellite rights, video rights, etc. This would result in requirement of huge amount of capital to survive in this business, With a small capital and negative reserves the going for the Company appears to be tough.

Discussion on financial performance with respect to Operational Performance

At the Last Annual General Meeting of the Company, the Board of Directors expected a bad year. Due to entry of big corporates like Ashtavinayak, Eros, TV 18, UTV, Reliance, Adlabs, Sony Pictures, the business in which your Company is into has become more capital intense. It has become difficult to operate in the said industry with small corpus.

The Constraint in the cycle of the business is Company has acquired rights of the Movies which are 2-3 decades old and for acquiring new movies, the cost has soar so rapidly that, it is becoming very difficult for the Company to maintain stiff competition among the Market Maker of these Industries.

The Progress of the Company had slow down as compared to last year, but still Company is taking adequate steps in making the optimum utilization of the available resources for maintaining the trust of Shareholders.

It has always been the policy of the Company to control and reduce the expenditure to the extent possible. No director has claimed any sitting fees / out of pocket expenses for attending board/ committee meetings. As a cost cutting measure, the strength of employees was kept to the bare minimum.

The Company is exploring various options/means to come out of the intense and competitive arena where it finds itself.

Human Resources

The Company has maintained peaceful and cordial relationship with the employees.

Cautionary Statement

Statements in this report on Management Discussion and Analysis describing the Company's objectives, estimates and expectations are "forward looking" statements. These statements are based on certain assumptions and expectations of future events. The actual results may differ materially from those expressed or implied. Important factors that could make a difference to the Company's operations include economic conditions affecting the Entertainment Industry.

INDEPENDENT AUDITORS' REPORT

To
The Members,
UNIVERSAL ARTS LIMITED
(Formerly Known as Goldmines Media Limited)
CIN: - L22300MH1995PLC091082

REPORT ON FINANCIAL STATEMENTS

We have audited the accompanying financial statements of **UNIVERSAL ARTS LIMITED** (Formerly Known as Goldmines Media Limited) ("the Company"), which comprise the Balance Sheet as at June 30, 2014, and the Statement of Profit and Loss for the year then ended, and a summary of significant accounting policies and other explanatory information.

MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS.

Management is responsible for the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the Accounting Standards referred to in sub-section (3C) of section 211 of the Companies Act, 1956 ("the Act"). This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

AUDITOR'S RESPONSIBILITY.

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

OPINION

In our opinion and to the best of our information and according to the explanations given to us, the financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

- (i) In the case of the Balance Sheet, of the state of affairs of the Company as at 30th June, 2014 and;
- (ii) In the case of the Statement of Profit and Loss account, of the Loss of the company for the year ended on that date.
- (iii) In so far as it relates to Cash Flow Statement, of the Cash Flow for the year ended on that date.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

1. As required by the Companies (Auditor's Report) Order, 2003 ("the Order") issued by the Central Government of India in terms of sub-section (4A) of section 227 of the Act, we give in the Annexure a statement on the matters specified in paragraphs 4 and 5 of the Order.
2. As required by section 227(3) of the Act, we report that:
 - a) We have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - b) In our opinion proper books of account as required by law have been kept by the Company so far as appears from our examination of those books
 - c) The Balance Sheet and Statement of Profit and Loss dealt with by this Report are in agreement with the books of account.
