General & Corporate Matters

During the year under review, the working of the Company was adversely affected because of over capacity in Power Cables and continued demand recession. Due to the stiff competition from the organised and unorganised sectors, the orders are being accepted at highly unremunerative prices, putting severe pressure on margins.

As regards Telephone Cables, demand for Jelly Filled Telephone Cables is largely dependent on orders from Bharat Sanchar Nigam Limited (BSNL). The estimated demand from this segment has gone down substantially, as network roll-outs will be undertaken, using CDMA based Wireless in Local Loop technology. BSNL, who is the major buyer, did not finalise the tender for Telephone Cables during the year, resulting in very poor off-take. The last year's tender has now been finalised.

Under these circumstances, the Company was able to maintain its turnover during the year at Rs.13929.07 lacs as compared to Rs.13771.11 lacs for the previous year. The Company has suffered a gross loss before depreciation of Rs.147.19 lacs as against Rs. 0.68 lacs in the previous year. After providing for depreciation and voluntary retirement compensation, the net loss for the year is Rs 651.10 lacs as against Rs.594.56 lacs in the previous year.

In view of this grim situation, the Company is taking effective actions for implementation of a major cost reduction plan to make its products more cost effective and competitive. The Company is trying to identify new products to diversify its activities.

With the passage of the Electricity Bill, 2003, which enables the Power Generating Companies to sell power directly to consumers more and more private players are planning to invest in power sector. Further, Government has also undertaken restructuring of Electricity Boards and accelerated power development programmes. This should boost the demand for power cables and capacitors. The Company expects good prospects in the coming years.

The Company's unit at Goa for the manufacture of Optic Fibre Cables is not in operation since it is severely affected by poor demand. The Company proposes to close its operations and sell the assets located therein, which is subject to the approval of the shareholders.

The Company has incurred capital expenditure during the year for modernisation. The Company's R & D department is actively pursuing development and improvement of new and existing products respectively.

Corporate Governance

The Company continues to believe in and accordingly upgrade itself with the concepts of Corporate Governance. The Company has successfully maintained a code of Corporate Governance in all its concerned operations comprehensively. Corporate Governance and Management Discussion & Analysis Reports form a part of this Annual Report. The Company has obtained a Certificate from the Auditors for maintenance of Code of Corporate Governance.

Voluntary Delisting of Shares

In terms of the special resolution passed by the members at the last Annual General Meeting of the Company held on 10th July, 2003, the Company has made applications for Voluntary Delisting of its equity shares from The Calcutta Stock Exchange Association Ltd., Kolkata and Madhya Pradesh Stock Exchange, Indore, which are pending for approval. However, the listing of Company's equity shares continues on National Stock Exchange of India Ltd., Mumbai and The Stock Exchange, Mumbai.
