GENERAL & CORPORATE MATTERS

Despite stiff competition during the year under review, your Company has been able to register slightly higher gross revenue at ₹ 692.91 crores as compared to ₹ 681.62 crores for the previous fiscal.

In terms of EBITDA also, the Company witnessed significant improvement at ₹ 33.50 crores as compared to ₹ 17.75 crores for the previous year.

Although the increase in overall revenue, has helped the Company to contain its net loss at ₹ 4.62 crores as against ₹ 13.93 crores for the year 2011-12, intense competition leading to compromise in margins, longer working capital cycle due to financial strife faced by the ultimate customers in the power sector, higher finance costs on account of liquidity crunch and elevated input prices have hindered resilience of the Company to overcome its subdued performance in the previous fiscal.

The power sector which is inextricably intertwined with the country's economic development still remains a weak spot. Despite major reforms in place, the power sector, being plagued with multifaceted problems such as fuel scarcity, shortage of equipments, infrastructural constraints, etc. has been perennially lagging behind its target, thereby exposing the economic development to a major risk. The hydrocarbon fuel linkage for the power plants, which is the mainstay for conventional power, is in a diabolic state. Even the nuclear energy remains shrouded with uncertainties. In this sector, the Industry does not see any cataclysmic change in the immediate future. There is an air of uncertainty of the industry either re-entering into recession or enduring a prolonged period of low demand growth.

Though the economy is on low ebb, there is a silver lining of a good potential that imminently lies ahead for meeting the rising per capita energy demand which gives the industry a redeeming hope of a sustainable demand spiral. Economic recession is no stranger to the Company, it has passed through cyclical phases of low demand where the Company has shown indefatigable spirit, resilience and unending zest to emerge as a strong player.

The Company in its quest for future products deserves the credit for developing 400kV cable, the highest achieved level in the world for underground cables, which has a promising future for power sub-transmission networks. This achievement is the first of its kind by an Indian manufacturer. This development inarguably pitchforks the Company into the top echelon of global players.

The Company's Capacitor Division is also progressing well and growing by developing new products for better value addition.

CORPORATE GOVERNANCE

Pursuant to Clause 49 of the Listing Agreement(s) with the Stock Exchanges, Management Discussion and Analysis, Corporate Governance Report and Certificate by the Chief Mentor & Executive Director confirming compliance by all the Board members and Senior Management Personnel with Company's Code of Conduct and Auditors' Certificate regarding compliance of conditions of Corporate Governance are attached hereto and forms part of this Directors' Report.

DIRECTORS' RESPONSIBILITY STATEMENT

As required under Section 217 (2AA) of the Companies Act, 1956, your Directors to the best of their knowledge and belief and according to the information and explanation obtained by them, state that :

- ◆ in the preparation of the Annual Accounts for the year ended 31st March, 2013, the applicable accounting standards have been followed;
- ◆ the Company has selected such accounting policies, applied them consistently, made judgments and estimates that are reasonable and prudent so as to give a true and fair view of the state of affairs of the Company as at the end of the financial year 2012-13 and of the loss for the year ended 31st March, 2013;
- ◆ proper and sufficient care have been taken for the maintenance of adequate accounting records in accordance with the provisions of the Companies Act, 1956 for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities; and
