Trust *is an intangible that drives tangible value at Vardhman.*

For decades, we have fostered relationships of trust with our stakeholders, through our core competencies in textile manufacturing.

Within textile manufacturing, we are focusing on increasing the wallet share with distinguished clients by expanding our portfolio of products.

Besides cotton yarn and blends, we are looking at more synthetic and blended yarns. We are also taking steps to expand our existing fabric processing capabilities, going forward.

Our foray into printed fabrics was also a prudent step forward. We have already commissioned the first phase of our printed line, and are now stabilising our operations.

We are refreshing our portfolio, strengthening global technology alliances, sharpening the capabilities of our people and expanding our community interventions.

We have set high standards of customer and stakeholder integrity, and our culture encourages hard work, innovation, respect and taking ownership.

At the same time, we are working to reduce environmental footprint, driving education and healthcare initiatives, along with supporting community wellbeing.

Economic, social and environmental sustainability remain at the core of our business philosophy. And in everything we do, we are inspired by timeless bonds of trust with all our stakeholders.

Driving excellence for decades

We are Vardhman Group (Vardhman). Incorporated in 1973, Vardhman Textiles Limited is the flagship company of Vardhman Group, which is one of India's largest textile conglomerates with presence across the textile value chain viz., yarn, sewing thread, fabric, fibre and garments.

We also have small presence in steel via our associate company Vardhman Special Steels Limited.

We manufacture a wide range of textile products across yarn, fabrics and fibre (acrylic) and have the operational flexibility to strengthen it further. With our sophisticated design and sampling capabilities, we act as a trusted design partner for our clients.

We enjoy a strong presence in markets like the European Economic Community, Canada, China, Japan, South Korea, Mexico, Brazil, Mauritius and the Middle East. We have also emerged as a preferred supplier to global garment makers like Tommy Hilfiger, Esprit, Gap (including brands such as Old Navy), Zara, H&M, Mango, Benetton and Arrow, among others.

We strive to achieve excellence through a culture of innovation and continuous improvement. As an organisation, we believe in well thought-out growth and a largely conservative approach for sustainable growth.

Our vision

Rooted in values, creating world class textiles.

Our mission

The Vardhman Group aims to be a world class textile organisation producing diverse range of products for the global textiles market. We seek to achieve customer delight through excellence in manufacturing and customer service, based on creative combination of state-of-the-art technology and human resources. We are responsible corporate citizens.

Our values

- Expansion in areas that we know best.
- Total customer focus in all operational areas.
- Offer products of best available quality for premium market segments through TPM and Zero-Defect implementation in all functional areas.
- Global orientation targeting sizeable percentage of production for exports.
- Integrated diversification and product range expansion.
- Faith in individual potential and respect for human values.
- Encourage innovation for constant improvements to achieve excellence in all functional areas.
- Accept change as a way of life.
- Appreciate our role as a responsible corporate citizen.
