2. Management Discussion and Analysis

Financial Review

During the period under review, the gross receipts have declined to Rs. 60153.05 lacs as compared to gross receipts of the previous year of Rs. 104937.78 lacs. The profit after tax of Rs.503.26 lacs has increased as compared to profit after tax of Rs. 480.32 lacs of the previous year mainly due to better margins earned in trading activities, inspite of shrinkage of arbitrage opportunities.

Industry Structure and Development

The global economy grew at 3.7% in 2010-11, belying earlier expectations of higher growth. While the Asian economies, with the exception of Japan which was struck by natural calamities and nuclear accident, grew by over 7%, the developed economies such as the US, UK and Europe registered lower growth in the range of 3 to 4%. The Asian economies were less affected by the recession during the last two years thereby enabling a faster return to normalcy. However the emerging economies were impacted by rising oil, food and commodity prices forcing several Central Banks to take a series of anti inflationary measures.

The Economic Survey of India 2010-11 has predicted the 9% growth for

the Indian economy in the next fiscal and estimated 8.6 percent growth in this financial year. The Survey has expressed concern over inflation and advocated for more money tightening by the Reserve Bank of India to reduce inflationary pressures. As per the survey, the inflation stood at 8.23 per cent in January 2011. The Survey stated that inflation could be 1.5 per cent more in future as India is on a growth path. As per the Survey, despite risks of global events like volatility in commodity prices and political turmoil in the West Asia, the Indian economy is set to grow faster and scale greater heights.

According to the Economic Survey, Manufacturing sector registered 9.1 percent growth and Exports had an impressive growth of 29.5 percent from April to December 2010. The Survey pointed out that imports also increased by 19 percent in the same period due to higher prices of crude oil and food grains. The Survey stated that the spending in social sector programmes increased by five percent of the GDP over past five years. The Survey pointed out that Forex reserves of India are estimated to be over 297 billion US dollars. Besides advocating for a new goods and services tax, the Economic Survey has also suggested increasing private public partnerships in the infrastructure sector.

According to the said Economic Survey, inflation and widening current account deficit remain major areas of concern. The Economic Survey puts emphasis on the farm and the infrastructure sectors for achieving higher economic growth. In view of above, strong growth in financial service sector is expected though the inflationary pressure may pose a restraint on same.

While the Reserve Bank of India (RBI) has continued the process of exiting from the expansionary monetary policy, it has focused its attention on controlling inflation. Between April 2010 and May 2011, RBI revised its policy rates seven times raising Repo Rates from 5.25% to 7.25% and Reverse Repo rates from 3.75 % to 6.25%. The stance of the monetary policy announced by RBI in May 2011 is clearly aimed at inflation targeting. The key priorities as set out by the policy are:

1. To maintain an interest rate environment that moderates inflation and anchors inflation expectations.
2. To foster an environment of price stability that is conducive to sustaining growth in the medium- term, coupled with financial stability.
3. To manage liquidity in order to ensure that it remains broadly in balance, with neither a large surplus diluting monetary transmission nor a large deficit choking off fund flows.

Besides above, the regulatory framework of financial services providers including Banks and NBFCs was reviewed and modified by RBI intermittently to achieve alignment with its policies. During the year, RBI announced several changes in the regulatory guidelines applicable to NBFCs. Notable among these are:

- Increase in CRAR from 12% to 15% for all NBFCs by 31st March 2011.
- Contingent provision of 0.25% on standard Assets.
- Removal of Priority Sector status for Bank lending to NBFCs other than MFIs.

RBI has set up a Working Group on NBFCs under the Chairmanship of a former Deputy Governor of RBI, to examine a range of emerging issues pertaining to regulation of the NBFC sector. The broad terms of reference of the working group are:

- To focus on the definition and classification of NBFCs.
- To address regulatory gaps and regulatory arbitrage.

- To maintain standards of governance in the NBFC Sector and appropriate approach to NBFC supervision.

It is hoped that the working group will take into account the heterogeneity of the sector and address the various issues that have been raised by them over the years, in order that they may continue to play their important role in India's growth story.

Outlook, Risks and Concerns

The relentless increase in interest rates over the past year has already started exerting pressure on corporate and retail borrowers alike. The rise in funding costs comes at a time when manufacturing segments of industries are already under strain with rising costs of oil, commodities and other inputs. Similarly, as inflation stretches the wallets of families grappling with higher prices of food and other essentials, the strains are very visible. As always, global events, oil and commodity price movements, geo political factors and inevitably, the behaviour of the monsoon, will all come to bear on the trajectory of India's economic growth in 2011-12.

Your Company's fortunes are closely linked to those of the stock and commodities markets. Consequently, the growth prospects for 2011-12 are likely to be broadly reflective of those trends. In the projected scenario of low to moderate growth, continuing inflation and higher interest costs, your Company will continue to strive for meaningful growth, focusing as always on, a balanced portfolio mix and efficient cost management, in order to sustain profitability.

The NBFC sector in which your Company operates, continues to face stiff competition from Banks and Financial Institutions leading to thinning of margins. The Company as a measure of risk mitigation, has not been focusing on financing activities as part of its activities to generate revenues for last few years. As in earlier years, the Company's operations continued to be capital/commodity market centric during the year under review. Your Company has been making a judicious use of risk hedging tools for generating revenues in a risk neutral environment. Your Company will continue to explore opportunities in other areas related to its operations.

The Company is exposed to normal industry risks such as credit, interest rate, economic, political, market and operational risks. The Company views risk management as integral to its business for creating and maintaining best practices in business operations and administration. Your Company follows prudent business and risk management practices to combat these challenges. The Risk Management Committee and the Asset Liability Management Committee review and monitor these risks at periodic intervals. Your Company has been consistently following a conservative investment policy over the years, maintaining a reasonably high level of cash and cash equivalents which enable the Company to not only eliminate short and medium term liquidity risks but also undertake capital expenditure for scaling up operations at a short notice.

Opportunities and Threats

The fast growing infrastructure sector and allied areas are perceived to give good returns and it is intended to invest in these areas through joint ventures, corporate advisory services, investment appraisal and syndication. The Company is carefully gauging each opportunity in terms of risks and rewards involved and hopes to tie up successful ventures in the near future.

Your Company is also making efforts to strengthen its subsidiary and associate companies and make efforts to harness the benefits of group synergy.

Adequacy of Internal Control Systems

The Company has proper and adequate system of internal controls to

monitor proper recording of transactions according to policies and procedures laid down by the Company and RBI regulations. The Company ensures that the regulatory guidelines are complied with at various levels. The internal audit reports are regularly monitored by the Audit Committee.

Segment wise Performance

The Company being an NBFC is mainly engaged in finance business. Therefore, there are no separate segments for reporting as per the Accounting Standard AS-17 issued by The Institute of Chartered Accountants of India.

Cautionary Statement

The statements in the above analysis, describing the Company's projections, estimates, expectations or predictions may be 'forward looking statements' within the meaning of applicable security laws and regulations. The actual results may differ from those expressed or implied. Important factors that could make a difference to the Company's operations, include changes in government regulations, tax regimes, economic developments within the country and abroad and other related factors.

3. Dividend

With a view to conserve resources, no dividend is recommended.

4. Directors

Shri Somesh Mehrotra, Shri N. C. Sundararajan, Shri Gian Vijeshwar and Shri B. B. Tandon - Directors would retire by rotation at the forthcoming Annual General Meeting and all, being eligible, offer themselves for reappointment. To enable the Company to obtain their continued valuable direction, guidance and assistance in conduct of the affairs of your Company, it is recommended that their reappointment be approved.

5. Directors' Responsibility Statement

Pursuant to the provisions of Section 217(2AA) of the Companies Act, 1956, the Directors hereby confirm:

- that in the preparation of the annual accounts for the financial year ended 31st March, 2011, the applicable accounting standards have been followed, along with proper explanation relating to material departures;
- that they have selected such accounting policies and applied them consistently and made judgments and estimates that are reasonable and prudent, so as to give a true and fair view of the state of affairs of the Company at the end of the financial year and of the profit of the Company for that period;
- that they have taken proper and sufficient care for the maintenance of adequate accounting records in accordance with the provisions of the Companies Act, 1956 for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities; and
- that they have prepared the annual accounts for the financial year ended 31st March, 2011 on a 'going concern' basis.

6. Corporate Governance and Compliance Certificate

The Corporate Governance philosophy of your Company is to comply with not only the statutory requirements, but also voluntarily formulate and adhere to a set of strong Corporate Governance practices. We at VLS, believe that sound Corporate Governance is critical to enhance and retain investors' trust. The responsibility for this lies with the Board of Directors and the Management of the Company. The driving forces of Corporate Governance at VLS are its core values, which are : belief in

people, entrepreneurship, innovation and pursuit of excellence. The Company's goal is to find creative and productive ways of keeping its stakeholders, such as investors, customers and associates informed, while fulfilling the role of a responsible corporate, committed to best practices. The Board and the Company Management strive hard to serve the interests of all stakeholders including shareholders, Government and the society at large in the best possible manner.

7. Auditors

The Auditors, M/s. Agiwal & Associates, Chartered Accountants, will retire at the forthcoming Annual General Meeting. The Company has received a certificate from the Auditors that they are qualified under section 224 (1B) of the Companies Act, 1956 to act as the Auditors of the Company, if appointed. Concurring to the recommendation of the Audit Committee, the Board of Directors recommends their appointment. The Board may also be authorised to fix their remuneration.

8. Auditors' Report

The observations made by the Auditors with reference to notes on accounts for the year under report have been adequately dealt with, in the relevant Notes on Accounts and need no further comments from Directors.

9. Statutory Information

Not being a manufacturing Company, your Company is advised that Form A prescribed under the Companies (Disclosure of Particulars in the Report of Board of Directors) Rules, 1988, relating to Conservation of Energy and Technology Absorption, is not applicable to it. It is informed that during the year under review, the Company did not absorb any new technology or carried out any R&D related activity for this purpose. However, use of energy efficient devices, wherever possible, in conducting business of Company is part of administration policies. Details of foreign exchange earnings and outgo are given below:
