**DIRECTORS' REPORT & MANAGEMENT DISCUSSION & ANALYSIS**

Your Directors have pleasure in presenting the Fourteenth Annual Report together with Audited Accounts of the Company for the year ended on 31st March 2005.

**BUSINESS PHILOSOPHY**

On the basis of the audited financial results for the last year ended 31st March 2003, your Company has become a Sick Industrial Company and in terms of the provisions of SICA, 1985, a reference in Form-A was duly filed with the Hon'ble Board for Industrial & Financial Reconstruction. The said reference was duly registered vide No.257/2003 and on the basis of certain representations made by the Oriental Bank of Commerce, the Board (BIFR), ex-parte, issued an order abating our reference against which your Company has filed an appeal before the Hon'ble Appellate Authority for Industrial & Financial Reconstruction and the same is pending adjudication. However, in terms of the provisions of SICA, 1985 the reference to Hon'ble BIFR is needed to be filed and registered every year till the time Net Worth of the Company remains negative and the Company is not revived. Accordingly, the Company again filed its reference on the basis of the financial results for the year ended on 31st March 2004 and the same stands registered vide No.309/2004.

We are passing through a complex situation where at one hand, the Company was already incurring losses during the last financial year and the trend was even continuing during the financial year under consideration. The interim order from Hon'ble DRT, Delhi restraining your Company from dealing with any of the assets, moveable and immovable is still continuing, leading thereby to a situation where almost entire operations of the Company is stayed. After a continuous efforts and pursuance the Company has been able to earn its bare survival necessities by way of undertaking job works and this situation shall continue further until your Company succeeds in obtaining more favorable order from the appropriate tribunal/courts. Your Company and its Directors are confident that we shall be able to obtain favorable orders from the Hon'ble tribunal and once again restart, revive and bring this Company to a profitable undertaking.

**OUTLOOK**

Financial Year 2004-2005 has been an extremely difficult and challenging year for your Company, but, your Directors have not lost their heart and are working constantly towards a better future. With the existing trend in mind and growing demand of Personal Computers and Computer Peripherals, your Directors are confident that with the infrastructure available with the Company and brand influence over the market, the Company shall take no time to revive its operations and re-gain the glory of its brand once it starts its operations for which we are persuading the Hon'ble tribunal/courts to vacate the stay and permit us to function which shall be in consonance with even our reference with the Board for Industrial & Financial Reconstruction. Meanwhile, all efforts are being made to even increase the quantum of job work being undertaken by the Company.

Your Company's performance during the year as compared to the last year is as under:

**FINANCIAL RESULTS AND PERFORMANCE**

We give below the financial highlights for the year under review:-

	(Rs. in Lacs)	
PARTICULARS	Current Year	Previous Year

Surplus brought forward	(2551.49)	(1387.59)
Balance in Profit & Loss A/c	(2647.80)	(2551.49)

During the financial year under review, the Company has not been carrying its operations due to restraint order passed by the Hon'ble DRT restraining the Company not to alienate/part-with possession of any of the hypothecated goods. The Company has also been restrained from parting with any of the mortgaged properties. As a result of said stay order, the Company's operations have virtually stopped as any transactions with respect to the Company's movable/immovable properties including stocks shall amount to violation of the said stay order. Your Directors are trying to persuade the Hon'ble tribunal for vacation of the said order.

In spite of all the odds, your management is confident that the Company, with its products, quality, marketing strength and other infrastructure facilities will once again come out of the red and move forward in a positive direction. With this commitment to the investors, work force and society at large, the management reassures you about the potential of the Company and expresses its gratitude for the confidence reposed in it.

**DIVIDEND**

Considering the results of the Company into losses, the Board has not recommended dividend on shares.

# 14th Annual Report 2004-2005

## DIRECTORS' REPORT & MANAGEMENT DISCUSSION & ANALYSIS Contd.

### INDUSTRY STRUCTURE AND DEVELOPMENT

Even though, IDC forecasts a substantial growth in India in PC market but due to severe competition and erosion in selling prices, there has been no growth in value and profitability terms. With the introduction of low range Laptops in the market, even a sizeable segment of computer users have been shifting their choice to Laptops instead of Personal Computers. However, the loss of high segment consumers are well adjusted by the growing awareness and demand of Personal Computers in rural and semi-urban market, which has a vast potential and de-appetite ensuring the growing demand of Personal Computers in time to come.

### OUTLOOK ON THREATS, RISKS AND CONCERNS

The Company has an integrated approach to managing the risks inherent in various aspects of its business. As a part of this approach, the Board of Directors (BoD) is responsible for monitoring risk levels on various parameters, and the Board of Directors supported by professionals in various fields is responsible for ensuring implementation of mitigation measures, if required. The Audit Committee provides the overall direction on the risk management policies.

The over all economic environments will have a strong bearing on how things shape in the coming years. Falling prices of the Personal Computers and its peripherals with the introduction of low priced Laptops are potential risks. The over all Industrial and Business sentiment is not very buoyant. Your Company has also plans of introducing high quality technically advanced gadgets in the Company's product basket once it starts its operations, which will expedite its revival scheme. Your Company, however, is confident that with the launch of high quality, competitively priced products, we will be able to expand our market share.

### SEGMENT WISE PERFORMANCE

The Company has been operating in the electronic industry and dealing & manufacturing only Personal Computers and computer peripherals. The Company's products are only related to computer hardware and therefore there are single segment of operation. In view of the same, segment wise reporting is not required.

The Company has strong commitments to follow the best of the HR practices and believes in up-lifting the over all competence of its employees through regular training, workshops and seminars.

The total number of employees and workforce at the end of the year was 32 as against 29 employees at the end of the previous year.

### ADDITIONAL INFORMATION REGARDING CONSERVATION OF ENERGY ETC.

Information in respect of conservation of energy, technology absorption etc. required under the Companies (Disclosure of Particulars in the Report of Board of Directors) Rules, 1988 is annexed.

### AUDITORS

The Auditors of the Company M/s. O. P. Bagla & Company, Chartered Accountants, retire and offer themselves for re-appointment. The Company has received a certificate from the Auditors to the effect that their re-appointment, if made, would be within the prescribed limits specified under Section 224 (1B) of the Companies Act, 1956.

### AUDITORS' REPORT

The Auditors' Report to the members together with Accounts for the year ended on 31st March 2005 and Notes thereon is attached, which are self-explanatory.

**DIRECTORS' REPORT & MANAGEMENT DISCUSSION & ANALYSIS Contd.****DIRECTORS VIEW ON AUDITORS OBSERVATIONS**

Management response to the various observations of the auditors, even though explained wherever appropriate in the notes to the Accounts, is reproduced in compliance with the relevant legal provision.

1. *Because of the restraint order passed by Hon'ble DRT, total stoppage of operations and the Company being into the continuous losses, debtors and loans & advances could not be commented upon as to certainty of their recovery as under the present circumstances, the Company neither has its strength in terms of money/manpower to follow-up the same nor any communication from the parties from whom those debts/loans & advances are recoverable.*
2. *The Company is making its all efforts to get the necessary documents and details including financials from the sole person who was looking after the affairs of its Wholly Owned Subsidiary by the name of VSOF GLOBAL INC. at #107, 451 Village Green BLVD, ANN ARBOR, MI-48105 USA.*
3. *Slow moving/Non moving inventories are valued at cost because in terms of warranty provided to the customers on products sold, the spares are used at the cost basis only and billed accordingly to the customers. However, there are certain items which are kept only as back up for the service centre and replacement of old systems as in case of old systems components are not easily available in the market because of being very fast changing and upgrading technology industry. Out of the same there are certain inventories, which are almost outdated and the realizable value of the same are almost negligible. Certain goods have become obsolete because of the stay order being operational against the Company and most of the stocks have almost negligible value because of constant technological up-gradation, whereas all the items in the stock are old which could not be sold due to the stay order being operational.*
4. *In view of the discontinuation of Software Division and closure of units at Parwanoo and Damian for last years and followed by subsequent stay order restraining the Company from carrying any activities/ operations, the assets lying at Parwanoo and Damian units of the Company are in the same condition as the same were at the end of financial year ending 31st March 2003 except the normal wear and tear that may have been caused because of the same lying idle without routine maintenance and therefore, Losses, if any, on impairment of fixed assets at those units are not considered.*
5. *The valuation of stocks of software has been taken as it was during the close of last financial year, because during the financial year under review no fresh software has been developed. However, it will be sold at the prices taken in the books very shortly.*
6. *As the Company's operations are stopped and most of the employees/staff have left the organization, the communication with associates such as dealers, suppliers, vendors and other parties have come to a stand still. This has led to a situation where the Company has not been able to communicate with any of the parties in the last more than a year. Additionally, the Banks/FIs have filed their recovery proceedings before the appropriate authorities and the same are pending adjudication and because of the same the balance confirmation from neither of the parties nor Banks/FIs could be obtained in time.*
7. *The Company has been accounting on going concern basis and the fixed assets, which are taken unserviceable are proposed to be used by the Company in its operation as and when the same starts. The management has taken a view that the said fixed assets shall be charged depreciation as per the provisions of The Companies Act, 1956 when brought into use.*
