**MANAGEMENT DISCUSSION & ANALYSIS REPORT**

**Industry Structure**

The financial year 2012-13 continued to be a challenging year for the Indian economy. The Indian economy further slowed down during the financial year due to higher interest rates, policy constraints, stalling projects and drying of new investments. The high level of Fiscal and Current Account deficit had an equally dampening effect on the Indian economy.

The headline inflation measured by the wholesale price index fall to 6% by the end of the year, however the consumer price index remained in double digit through most of the year.

Reserve Bank of India keeping in view the overall inflation trend revised its policy rates three times between July, 2012 to May, 2013 reducing Repo rates from 8% to 7.25% to revive growth in the industrial sector. In order to redress the liquidity problem, Reserve Bank of India reduced the Cash Reserve Ratio (CRR) by 75 basis points (from 4.75% to 4%) between July, 2012 to May, 2013 and Statutory Liquidity rates by 100 basis points from 24% to 23% in July, 2012.

**Opportunities and Threats**

The prospect of Indian Economy is uncertain during the current Financial Year. The forecast of GDP growth rate for 2013-14 is between 6.1% to 6.7% as compared to 5% in 2012-13. With the various steps taken by the government to revive investment and growth in the economy the industrial growth is likely to improve from the second half of current financial year which may create new opportunity for the company. However continuing uncertainty in the global market, higher trade deficit, weakening of Rupee vis-à-vis major foreign currency may impact the financial market.

The company is taking various steps to withstand the uncertainty in the Financial Market.

**Outlook**

The Index of Industrial production has been on a decline. The index of industrial production was lower at 1.1% in this year compared to 2.9% in the previous year.

There is considerable slowdown in growth, moderating inflation and uncertain outlook. However you company will continue to strive for meaningful growth, focusing as always on superior credit quality, a balance portfolio mix and efficient cost management in order to sustain profitability.

The government has taken various steps to kick start investment. Policy rate cuts by Reserve Bank of India and improving business sentiment could also support revival in investment.
