Chairman's Letter

It is our pleasure to address 23rd Annual General Meeting of Virtual Global Education Limited (Virtual). We at "Virtual" Anytime, Anyway, targets to Educate and train 100 million youth by 2020.

It gives me immense pleasure to share with you that, budget this year on education has shown favorable symptoms for education sector. For the year 2016-2017, the Government of India is taking major initiative by making some provisions in union budget for education sector. The Government has allocated Rs 1,000 crore (US\$ 146.72 million) for higher education financing, Rs 1,700 crore (US\$ 250 million) for 1500 multi-skill development centres and has objective to skill one crore youth in the next three years under the Pradhan Mantri Kaushal Vikas Yojna (PMKVY)

Your Board has decided to train in sectors like Telecom & BPO, Solar Energy, Retail, Banking & finance. Our unique feature is our Industry experience in these domains is more than a decade with a focus of developing entrepreneurship globally.

We have the targets to have our presence in rural India by connecting the 2,48,254 gram panchayat through our Virtual E-Panchayat system. We have a 6P & 6E Model for every Gram Panchayat for maximum utilization of resources at local level for the benefit of community. We focus to create the employment as well as entrepreneurship opportunity for the rural youth so that they can locally engage themselves.

To train the brain of unemployed youth at village level for growth in life with the involvement of local people we have launched the Virtual Rozgaar Programme at Jaipur (Rajasthan).

The Education plays a significant role in building a nation and creating huge opportunities for the individuals. The growth of the Indian economy and rising income levels are factors boosting the investment in education and standard of living.

Financial year 2015-2016 has been a challenging year for your company as it has to come-up with the right set of sectors to link with the Industry which provide required training to people. We have identified 15 sectors linking with the industry to provide training so that they can get real time experience and practical exposure in the industry. Your Company has been successful in applying many skill development projects of State Governments and to start with, has opened 92 centers in various districts of various states. Your company has been empanelled with CBSE as Skill Knowledge Provider in the I.T. Sector to provide training in CBSE affiliated schools in the state of Delhi, Rajasthan and West Bengal.

Internationally, our action agenda focuses on vocational training and education in developed markets, where there is a lack of skilled talent in areas like IT – through policy initiatives, technology platforms and school outreach activities and as a gate way for the same. With increased competition for jobs and the trend now being on continuous learning, more and more people are enhancing their educational qualifications online. Currently, industries across verticals are adapting to e-learning in a big way and the market is expected to grow. The advent of satellite technology and internet has changed the way people live. Open education is fast growing to become the dominant form of education, for many reasons such as its efficiency, reach and results compared to traditional methods. Cost of education

has been an issue throughout history and a major political issue in most countries today. Open education is generally significantly cheaper than traditional campus based learning and available anytime anyway even when you are on work.

We have entered into a Memorandum of Understanding (MOU) with Malbro International Limited, Malawi, to work together in the area of skill development for Agriculture, Solar energy, and sales and distribution sectors to develop under privileged youth in respective countries to the extent of 20 million people.

The company has also entered into MOU with Ethiopian countries to provide skill development training in Ethiopia to 10 million youth. We have entered into MOU with China for providing online vocational training and software development training.

I see substantial opportunities in front of us, as a Company, as an employee, and as an industry. There is fundamental shift accruing in every arena of this world, a digital transformation that is bringing about an entirely new way for each of us, in all walks of life, to work, live and interact.

I thank for your continued support & trust placed in the Company. I look forward to your support and encouragement for achieving newer heights in the coming years. I thank all the Virtual Partners, team, Board Members, Bankers, Employees and associates for their continued support.

Yours Sincerely,

Dr. Girraj Kishore Varshney
Chairman & Managing Director

Notice

Notice is hereby given that the 23rd Annual General Meeting of **M/s Virtual Global Education Limited** will be held on Wednesday, 24th August, 2016 at Banga Sanskriti Bhavan Trust, Muktheadhara, 18-19, Bhai Veer Singh Marg, Gole Market, New Delhi- 110001 at 1100 Hours, to transact the following businesses:-
