Our commitment to sustainable practices is at the heart of all that we do. By continuously pushing the boundaries of what is possible, we are creating a lasting legacy that sets new standards for quality and sustainability that inspire.

At Vishal Fabrics Limited (VFL) we are led by a desire to innovate and automate as much of our operational canvas as possible to improve and enrich our product portfolio. We leverage our inherent strengths in technology and research to develop cutting-edge solutions that streamline our manufacturing processes and enhance the quality of our products. By embracing automation, we are able to reduce human error, increase efficiency and ultimately deliver superior fabrics to our customers. Additionally, our commitment to innovation enables us to stay ahead of market trends and offer unique and customisable options that cater to the evolving needs of our clients.

Sustainable

excellence

**Weaving a
Legacy of**

quality

We ensure that sustainability measures are not just a box-ticking initiative. We keep upgrading our sustainability priorities in line with the evolving requirements of our stakeholders. This involves setting clear targets for reducing environmental impact, as well as regularly reporting on progress and engaging stakeholders in the process. By embedding sustainability into the core values and culture of the organisation, we can create lasting change and contribute to a more sustainable future.

Weaving a story of *success*

We commenced our extraordinary journey in the year 1972 in Ahmedabad with just a few power handlooms. Within a short span of time, we solidified our position as a prominent player in the manufacturing of polyester yarn. Building upon this success, we ventured into the realm of cotton spinning and further expanded our expertise to encompass the weaving of denim fabric.

We commenced our extraordinary journey in the year 1972 in Ahmedabad with just a few power handlooms. Within a short span of time, we solidified our position as a prominent player in the manufacturing of polyester yarn. Building upon this success, we ventured into the realm of cotton spinning and further expanded our expertise to encompass the weaving of denim fabric.

At present, we are the largest denim manufacturer in Asia. Our extensive knowledge, capabilities and experience have positioned us for success in various industries. From petrochemicals and chemicals to infrastructure development, spinning, weaving, knitting, fabric processing, BOPP film manufacturing, and educational initiatives, we have established a strong presence and thriving businesses across multiple sectors. This diverse portfolio reflects our adaptability and expertise in various domains.

Our commitment to innovation and continuous improvement has allowed us to stay ahead of the competition and meet the evolving needs of our clients. We actively contribute to India's energy requirements while minimising the adverse impact on the environment. Our dedication to sustainable practices ensures that we play a significant role in supporting India's energy needs while prioritising environmental preservation.

With a dedicated team of professionals and state-of-the-art facilities, we are able to deliver high-quality products and services that consistently exceed customer expectations.

At the centre of the denim *revolution*

With its establishment in 1985 and strategic location in Gujarat, the textile hub of India, Vishal Fabrics Limited (VFL) has been at the centre of the denim revolution, bringing fashion and comfort under one roof. It has grown into a reputed entity that is known for dyeing, printing and processing of denim, and other wide range of fabrics.

At VFL, our integrated and advanced manufacturing facilities enable us to consistently produce top-quality denim fabrics that surpass the expectations of our customers globally. With a strong commitment to sustainability, VFL also ensures that their manufacturing processes are environment-friendly, making them a preferred choice in the textile industry.

A purposeful belief in bringing high-end technology has helped us in setting up a state-of-the-art manufacturing facility. We passionately follow the core belief of 'delivering more than expected'. Values and innovation drive our commitment to deliver exceptional products and services to our customers. By fostering a culture of creativity and collaboration, we empower our team members to think outside the box and bring fresh ideas to the table. With a strong emphasis on integrity and ethical practices, we strive to make a positive impact.

Mission

For us, denim is a fabric that weaves people together in a thread of unity. Our mission is to produce premium quality denim that breaks the barriers of age, gender and location. We aim to keep doing what we do best – keeping our customers, their likes and their needs first, always!

Vision

To promote Denim from an occasional lifestyle product to a fully accepted lifestyle necessity, from youth-centric fashion wear to a premium fabric that caters to all ages and from an outdoor attire to a fabric that is worn round the clock. Vishal Fabrics wants to create a world where denim is a household narrative and not just a style statement.

Values

- We credit our success to the foundation of our unflinching core values. We never compromise on production quality and are in a constant hunt for innovations that can help us in scaling up our quality levels.
- We pledge to follow the fairest business practices to ensure a healthy, just and all-inclusive business ecosystem.
- We keep customers first. Always
