### PERFORMANCE REVIEW:

During the year under review, the Sales and Other Income in monetary terms increased by about 10% to ` 651.45 crores as compared to ` 591.58 crores in the previous year. The Company has recorded its best ever performance in MVA term, achieving sales volume of 10189 MVA, as compared to 9202 MVA in the previous year, a growth of 10% compare to previous year. The Profit Before Tax (PBT) increased to ` 90.99 crores, as compared to ` 59.29 crores in the previous year and Profit After Tax (PAT) increased to ` 67.97 crores, as compared to ` 43.98 crores in the previous year.

The Company has been able to maintain its growth momentum both in terms of volume and margins for the second year in a row. Volatility in the Domestic as well as International market of principal raw materials had been a constant challenge for the Management to execute fixed price orders at budgeted cost and maintain the margins. The Company could avail some benefits out of falling material prices and better discipline in selecting orders along with scaling up volume help greatly to improve margin. The financial year 2017-2018 started with an order backlog of ` 293.48 crores (4622.38 MVA) with sign of slow revival in Corporate CAPEX in select industries.

During the year, the Company's dedicated efforts towards timely collection of receivables has resulted in better liquidity position. The Company's efforts continued to have timely realization of receivables, which remain a challenging task.

For detailed analysis of the performance, please refer to the Management Discussion and Analysis section of the Annual Report given in Annexure-IV.
