DIRECTORS' REPORT

Your Directors have pleasure in presenting their Twenty Second Annual Report together with the Audited Accounts for the financial year ended 31st March 2009.

Rs. million

Particulars	Current Year	Previous Year
Gross Sales /Services	335.23	396.49
Operating Profit/ (Loss) before Interest, Depreciation, Extra Ordinary Item, Prior Period Expenses and Tax	(175.42)	44.34
Profit after Tax, Extra Ordinary Item and Prior Period Adjustment	10.46	(43.06)

OPERATIONS

The operating Profit after interest, depreciation, tax and extraordinary item is Rs.10.46 Million as against a loss of Rs. 43.06 million in the previous year and the operating loss before Interest, depreciation and Extra Ordinary Item is Rs.175.42 million as against profit of Rs. 44.34 million in the previous year.

The year under review was an extremely difficult year. The Industry faced an unprecedented turbulence in the wake of the global economic meltdown, which affected the demand for shrimps, and consequently shrimp feed production.

The Indian government has recently approved the farming of the exotic species called Vannamei. Given the advantage of this species, which is widely exported by shrimp farming countries to US and other countries, it is hoped that the Industry would benefit by way of increase in farming area and consequently increase in production of the shrimps. It is expected that the full benefit of this introduction would be felt in the year 2010.

The US government reduced the Anti – Dumping Duty to 0.79% and has also agreed to withdraw the bond requirements for Exporters.

These developments would help to mitigate the adverse effects of the economic slowdown.

During the year, the company had revalued its lands to reflect the increase in land value following the development of Krishnapatnam Port situated near our factory.

The Company sold its excess agricultural lands. This will have no impact on normal working capacity or future growth of the company.

FINANCE

During the year, the company deposited the unclaimed debenture amounts into the Investor Education and Protection Fund.

Part of the sale proceeds from sale of land were utilized for reduction in the working capital loans and liquidating long term debts. This will help to reduce the interest burden.
