48TH ANNUAL REPORT**Directors' Report to the Shareholders**

Your Directors present their Forty Eighth Annual Report and the Audited Accounts for the year ended 31st March, 2007.

Financial Results

Sales for the year under review were Rs.1003 crores compared to Rs.843 crores in the last year. The financial results of your Company for the year under review are as below:

	<u>2006-2007</u>	<u>2005-2006</u>
	(Rupees in Lakhs)	
Gross profit before interest and depreciation	8,593	7,826
Interest	2,052	1,743
Depreciation	2,672	2,316
Profit before tax for the year	3,869	3,767
Profit after tax for the year	2,603	2,637

Dividend

Two interim dividends totaling to 65% amounting to Rs.6,41,51,386/- were paid for the year ended 31st March, 2007. The Directors are not recommending any further dividend for the year ended 31st March, 2007.

Management Discussion and Analysis

The Indian economy saw a growth rate of 9.4% in the year under review compared to 8.4% in the earlier year. The growth was largely on account of manufacturing and services both of which had double digit growth. The agricultural sector grew at only 2.7% as against 6% in 2005-06.

In the commercial vehicle segment the market saw a growth of 35% fuelled by increasing conversions from single to multi-axle vehicles. This trend has been sustained following the Supreme Court ruling last year on overloading and the economics of higher fuel cost. The major part of the wheels requirement arising from this growth was met from supply of low cost wheels from China. However, your Company saw a growth of 17% in commercial vehicle wheels segment. In the coming year, demand for haulage trucks is expected to be lower.

The tractor segment following the higher agricultural growth in 2005-06 and government policies to increase rural funding registered a 23% growth. Your company grew with the market and maintained its position as the leading supplier to tractor manufacturers.

The passenger car segment witnessed a growth of 22% in the year under review. The higher interest rate which came into force would have some effect on the domestic demand for passenger cars. With a number of passenger car manufacturers having aggressive growth plans including those for exports, demand for passenger car wheels is expected to grow and your Company is expected to benefit from this.

The government has been concerned about the high inflation and has taken steps to control liquidity. This has resulted in hardening of interest rates compared to the last financial year.

We expect tightening of money supply to slow down segments such as commercial vehicles and agricultural tractors.

Your Company is the major supplier to the construction equipment industry in India and the year under review saw a 50% increase in off-take from the earlier year. This trend is likely to increase with infrastructure activity in the country speeding up and with global customers setting up export based plants in India.

Air Suspension system saw an increase of 45% in sales with higher level of OE fitment with Tata Motors and Ashok Leyland. Your Company is participating in a number of new bus programs including the City Low Floor buses. We see the growth in this segment sustaining in the coming year.

Your Company saw a 24% growth in its export sales coming mainly from the construction equipment industry worldwide. The industry is showing a double digit growth globally and your Company is well positioned to take advantage of this. On aluminium wheels, we have marketed our product to trailer manufacturers in major geographies through our existing distribution set-up. We are in early discussions with international OEMs on supply of forged aluminium wheels to them.

Your Company is starting two new plants in the coming year, one in Uttaranchal to service Tata Motors and Mahindra plants in the state, and one in Sriperumbudur to service the plants of the domestic construction equipment industry. These new plants should contribute to the sales of your Company in the latter part of the current year.

Your Company's products are steel intensive. The price levels in the country have remained high reflecting the demand-supply mismatch in the country. While your Company continues to work on cost reduction measures through value engineering methods, high steel prices and high interest rates will continue to put pressure on us in the coming year.

It has been through the team work and effort of your Company's employees that we have been able to manage our operations in these difficult times.

The internal control systems of the Company are adequate and are regularly reviewed by the internal and statutory auditors. The Internal audit is conducted at regular intervals at all the locations of the Company covering all key areas. The audit observations and follow-up actions are discussed with the management and the audit committee and reviewed at regular intervals.

Directors

Under Article 94(3) of the Company, Mr T S Vijayaraghavan and Mr S Prasad, retire from office by rotation, and being eligible, offer themselves for re-appointment.

Report of the Auditors to the Shareholders

We have audited the attached Balance Sheet of Wheels India Limited as at 31st March, 2007, the Profit and Loss Account and the Cash Flow Statement for the year ended on that date annexed thereto. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in India. Those Standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As required by the Companies (Auditor's Report) Order, 2003 and on the basis of such checks of the books and records of the Company as we considered appropriate and the information and explanations given to us during the course of our audit, we enclose in the annexure a statement on the matters specified in the said order.

Further to our comments in the Annexure referred to above, we report that:

- i. We have obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purposes of our audit.
- ii. In our opinion, proper books of account as required by law have been kept by the company so far as appears from our examination of those books.
