	(Rs. in Lacs)	
	<u>31.03.2017</u>	<u>31.03.2016</u>
Total Income	11125.73	10,836.94

#### **OPERATIONS & FUTURE OUTLOOK**

During the year under review, the current economic scenario in general & the paper industry scenario in particular, affected the Company adversely. The Company closed the Financial Year with a nominal increase in turnover. Profits came under strain mainly due to lower than projected increase in turnover and increase in costs.

Your Company continues to maintain its leadership in Technical Textiles due to continued thrust on new product development and technology up-gradation. A number of steps taken to reduce costs and increase market penetration will lead to improved performance in the coming years. The current economic scenario may however continue to affect the results of the Company in the short term. With economic improvement, the Indian Paper Industry is expected to grow at a higher rate than the GDP growth, especially in the packaging segment. Your company is ready with capacity, technology & products for the same.
