PERFORMANCE REVIEW :

During the financial year under review, the Company's export performance has suffered mainly due to the extremely competitive market conditions for much of the year. Even though export market conditions were favorable for India for much of the year, rigid prices at home coupled with fiercely competitive market abroad worked against the company's market strategy. This has forced the company's marketing division to explore the export market for other products as well.

The company has continued to explore newer markets for yarn and other products and at the same time maintaining its excellent business relations with its existing customers in order to remain competitive in the export business. The export sales have decreased to Rs. 167.16 lakhs during the year 2012-13 as compared to Rs. 583 lakhs during the previous year. The company hopes that the overall market conditions will be favorable this year.
