During the year under review, your company has achieved a turnover of Rs. 51.25 lacs and incurred a loss of Rs. 69.01 lacs. Your directors agree that the company could not achieve the targets desired and the margins have suffered. The reasons for the unencouraging results were :

1. Non-utilisation of expanded facilities
2. The thin margins on the products forced the company to move viable products for which the company had to stop its operations and also incur lot of capital expenditure
3. Non-realisation of dues from the debtors has affected the liquidity of the company and contributed to the working capital problems.
4. Absence of Export markets due to unattractive prices for the products.

Your Directors hope that the new products will find good markets and expect the turnovers to be good. Your Directors feel happy to inform you that the company has tied up with Aurobindo Pharma Limited, a leader in the BuD-Drugs market.
