FOUNDER'S MESSAGE

Dear Valued Shareholders,

I hope you and your family are safe.

Stepping into 2020, few could have anticipated the profound challenges that the world would face in the months to follow, with Covid-19 prompting an unprecedented health crisis. The journey through the year under review was not smooth. The first quarter of 2020-21 was indeed challenging due to the imposition of lockdowns, and subsequent curtailment of economic activities. This disrupted the supply chain and impacted all the industries far and wide. In the prevailing time, our first concern was to ensure the well-being of our people. We instantly adopted a Covid-19 appropriate behaviour at the workplace and around us to curtail the spread of the virus and accelerate, in whatever little way, the economic momentum of the nation.

With the easing of lockdowns from July 2020, there were some clear signs of revival as the economy cautiously opened up and a gradual ramp-up of production was thus witnessed. As opposed to waiting for business to trickle in, we were pro-active in reaching out to our customers both existing and new and looked for new geographies. This unrelenting pursuit resulted in a steady pick-up in volumes gradually month on-month through the year.

In addition to that, the prices of most of the raw materials drove up during the second half of the year due to shipping line disruptions and demand-supply gaps. The Company timed its strategy by keeping a track on changes in the raw material prices and maintained adequate inventories to avoid purchasing them at higher prices.

These steps enabled us to keep running the wheels of momentum amidst a challenging year. The Company demonstrated a rebound in revenues and overall profitability, driven by a strong focus on prudent cost and cash management and improved efficiencies.

Also, you would have noticed that the Board of Directors did not recommend any Dividend for the reporting year. It is our firm belief that the shareholders should be rewarded well, but the present circumstances calls us on adopting a mindful approach that contributes to sustain growth for the future.

As an organisation, we have left no stone unturned to ensure value creation for our stakeholders. Our strategy entails around having the expansion plans in place to meet anticipated growth in demand of the products of the Company now and in near future.

But my optimism is subject to the third wave of Covid-19 which is likely to inflict a deeper impact on India – in terms of lives, livelihoods and economic deceleration. As such, our business operations and performance could be impacted in FY22. I have no doubt that we will continue to work diligently in our efforts towards turning headwinds into tailwinds taking us a few notches higher.

In closing, I thank the Board for their continued guidance to steer the Company in its journey ahead. I extend my gratitude to the entire team, our staff and workers, for their disciplined determination. I also place on record my gratitude to all our other stakeholders—Customers, Bankers, Suppliers and Government Authorities – for the steadfast support and assistance throughout. We solicit your support in our future endeavours. Stay Safe.

Warm Regards,

Santoshkumar R. Saraswat
Founder & Director
