Forward-looking Statements

In this Annual Report we have disclosed forward-looking information to enable investors to comprehend our prospects and take informed investment decisions. This report and other statements - written and oral - that we periodically make, contain forward-looking statements that set-out anticipated results based on the management's plans and assumptions. We have tried, wherever possible, to identify such statements by using words such as 'anticipates', 'estimates', 'expects', 'projects', 'intends', 'plans', 'believes', and words of similar substance in connection with any discussion of future performance. We cannot guarantee that these forward-looking statements will be realised, although we believe we have been prudent in assumptions. The achievement of results is subject to risks, uncertainties and even inaccurate assumptions. Should known or unknown risks or uncertainties materialise, or should underlying assumptions prove inaccurate, actual results could vary materially from those anticipated, estimated or projected. Readers should bear this in mind. We undertake no obligation to publicly update any forward-looking statements, whether as a result of new information, future events or otherwise.

KEY MILESTONES IN OUR JOURNEY

Zydus Wellness

Source: Company information

Note: 1 Milestones that happened before the Company was carved out from Zydus Lifesciences Limited (formerly known as Cadila Healthcare Limited)

OUR PERFORMANCE OVER THE YEARS

Revenues

PERFORMANCE, FY2021-22

The Company has registered growth of 7.6% (over previous financial year) on Total Revenue from Operations, which stood at ₹ 2,00,910 lakhs. This is despite the fact that there has been a surge in inflation and a rise in geopolitical issues which have impacted consumer sentiments; softening consumer demand. The summer-heavy brands like Glucon-D and Nycil have struggled for the second year in succession due to COVID wave witnessed during the summer season. In order to mitigate the impact of inflation in key inputs, the Company resorted to calibrated price increase across the portfolio of its brands towards the end of quarter three of financial year. This alongside the cost rationalisation measures helped the Company consolidate its gross margin towards the end of the financial year.

- EBITDA was up by 0.1% y-o-y to ₹ 34,475 lakhs
- PBT before exceptional items was up by 25.2% to ₹ 30,602 lakhs
- Reported Net Profit was up by 160.1% to ₹ 30,887 lakhs. However the adjusted Net Profit (before exceptional items) was up by 23.1%

MARGINS ARE IN TOP QUARTILE OF THE FMCG SPACE

BRAND PERFORMANCE

Glucon-D has maintained its **number one position** with a market share of **58.5%** in the Glucose Powder Category

Complan has a market share of **5.0%** in the Health Foods Drinks (HFD) Category

Sugar Free continues to hold its leadership position in Sugar Substitute Category with a market share of **95.7%**

Nycil has maintained its **number one position** with a market share of **33.7%** in the Prickly Heat Powder Category

Everyuth Scrub has maintained its **number one position** with a market share of **39.0%** in the Facial Scrub Category, which is an increase of 367 basis points over the same period last year

Everyuth Peel off has maintained its **number one position** with a market share of **76.2%** in the Peel-off category

Everyuth brand is at **number five position** with market share of **6.5%** at overall Facial Cleansing Segment level

As per the MAT March'22 report of Nielsen and IQVIA
