

**THE THE
BUSINESS TRUTH OF
OF TRUTH BUSINESS**

Truth does
not have colours.
It does not
come in different
shades like
half-truths.
Like alt-truths.
Like opinions
that are coloured.
Coloured by judgements.
By fears.
By vested interests.
Truth does not
care about
any of those.
We are in the business of truth.
And truth is black
and white.

TRUTH BE TOLD

“It takes lasting courage to show the truth as is, sans the layers of lies, manipulation or the fear of confronting the army of falsehood. We, at Zee Media, have always stood up to our firm belief of telling nothing but the truth. And this unwavering belief has taken us to where we stand today, at the pinnacle of THE BUSINESS OF TRUTH. As we grow together as a tree, spreading our roots firmly into the world of news and infotainment with a proverb of 'Truth Be Told'. That is the **TRUTH OF OUR BUSINESS**, which must be told. ”

Living up to the commitment of telling the truth with engaging content, enlightening stories and gripping narratives, we have grown stronger ever since our inception, touching countless lives and creating a deep-rooted base in millions of hearts with the content we serve. During the financial year 2018-19 (FY19) too, we made our mark with insightful, engaging and impactful content and proving our mettle as democracy's fourth pillar. From live programmes like 'The Election Conclave 2019' on the 2019 general election, to bringing out the plight of economy's growth drivers – the truck drivers through 'Transform Truckers Abhiyaan' – what keeps us going is the urge to unveil the truth.

During FY19, Zee Media Network won 7 awards on the prestigious ENBA platform. These included 'Best Continuing Coverage by a Reporter – Hindi (Rahul Sinha and Pooja Makkar - Kathua Gangrape and Murder Case, Zee News)', 'Best In-depth Series - Hindi (Toxic vegetable Cancer Story, Zee News)' and 'Business Channel of The Year – Zee Business', among others.

We are in business of truth and an engaging & awakening content is truth of our business.

TRUTH PAYS OFF

“In the business of truth, a lie is like a bee in a silent prayer room. The truth of our business is to protect the business of truth incessantly from the evil of falsehood and present what is pure, crystal, unadulterated, Truth. No matter how grinding and exhausting the way of truth is, the truth pays off eventually. Being at the forefront of serving people around the world with gripping content, engaging stories, and providing platforms to state the truth, Zee Media stands tall amongst its counterparts, with an impressive growth in FY19 over the previous year, which is an epitome of not only success but also the trust millions bestow upon us for showing nothing but the truth. ”

We made history when we achieved our highest revenue ever – ₹ 6,869.2 million at a growth of 19.8% Y-O-Y. We outdid ourselves with an impressive 30.6% growth in EBITDA to clock ₹ 1736.4 million. We are way ahead of the industry in terms of revenue growth. While the industry clocked a CAGR of 11% (2016-2020), we grew 2½ times as fast with an astounding 26% CAGR (FY16 – FY20). Our TV viewership jumped to 345 million. We expanded our reach all across the Hindi speaking heartland and regional languages. We strengthened our international presence with WION. This stupendous growth is a fitting testimony to our commitment to truth and the effectiveness of our strategies.

Did we hear someone say TRUTH DOESN'T PAY? Well, for us it did pay and that too handsomely.
