MANAGEMENT DISCUSSION AND ANALYSIS

(a) Industry Structure and Development : With gradual recovery from global economic turbulence in major sectors of the economy, Man-made Fibre Industry maintained consumption pattern and Polypropylene Fibre, industry in our country followed the same trend. However, there continued to remain a wide gap in per capita consumption of PP Fibre as compared to developed countries. The major areas of consumption of PP Fibre in the world market viz. 'Geo-Textiles' and for hygiene applications are showing signs of necessary and once the consumption picks up it can lead to phenomenal growth and development of PP Fibre Industry.

(b) Segment-wise operational performance : Your Company operates into only one business segment - Manufacturing of Man Made Fibres.

Turnover for the year ended 31st March, 2011 amounted to Rs. 4177.55 lacs as against Rs. 3581.49 lacs last year. Operating profit stood at Rs. 481.87 lacs as against Rs. 501.30 lacs in the previous year. Cash profit was at Rs. 467.33 lacs as against Rs. 485.50 lacs in the earlier year. Profit before tax stood at Rs. 372.55 lacs as against Rs. 390.34 lacs in the earlier year and Profit after tax was at Rs. 247.81 lacs as against Rs. 286.37 lacs in the previous year.

Production during the year was higher at 3830 tons than in the previous year at 3398 tons. Sales of fibre including self consumption for conversion was 3809 tons as compared to 3471 tons last year. Sales of yarn was lower at 636 tons as compared to 798 tons last year.

(c) Outlook : The general outlook for the industry is fairly steady. The domestic market continued to maintain steady consumption. With special emphasis on 'Infrastructure' sector it can further augur well for the Company. Use of geo-textile in construction of new roads, rails, which is a standard norm in developed countries can lead to a phenomenal rise in demand of your Company's products.

(d) Threats and concerns : Your Company continues to maintain constant guard from possible imports and to ward off this threat the pricing of the finished goods is done accordingly so as to match the international prices. The none utilization of geo-textiles as a standard in large projects by the Government is of concern to the Company, whereby the requirement of PP Fibre should be highest as per international standards. The Company continues to maintain close vigil on supplies in the domestic market from the new players and is constantly taking necessary measures to ward off any un-warranted threat from the new players.

(e) Internal control systems and their adequacy : Adequate internal control systems are in place to maintain quality of product, proper accounting as per norms laid, asset maintenance and its proper use. All assets are adequately covered by comprehensive insurance. Independent Internal Auditor reviews accounts periodically and 'Audit Committee' of the Board overviews the same and ensures compliance.

(f) Human Resources and Industrial Relations : The Company has adequate and qualified human resources and enjoys cordial relations with all its employees at all levels. Number of employees are 97 as on 31st March 2011. The Board of Directors wish to place on record its highest appreciation for the contribution made by all the employees during the year.
